WHAT YOU CAN EXPECT TO LEARN
at the Annual School of Public Affairs
(SPA) and the Center for the Study of
Government and the Individual (CSGI)

Leadership Conference

Co-sponsored by the School of Public Affairs (SPA) and the Center for the Study of Government and the Individual (CSGI), at the University of Colorado Colorado Springs. This annual one-day Leadership Conference targets mid-level and senior managers in local government and local not-for-profit organizations. We typically have between 80-100 attendees. This year our theme focuses on "Leadership Realities and Followership." We hope to identify some of the characteristics and strategies used by effective leaders as they interact with followers, and effective characteristics and strategies of effective followers in supporting leaders. Simply put, too little attention is paid to followership. By the end of the day, we hope attendees will have a better idea of what constitutes effective followership, and what can be done to cultivate it.
