

Colorado Springs Region Convening Meeting

NATIONAL GOVERNOR'S ASSOCIATION
STEM (SCIENCE, TECHNOLOGY, ENGINEERING, MATHEMATICS) GRANT
Colorado Springs Regional Compact

The State of Colorado was recently named as one of six states to receive a \$500,000 grant from the National Governor's Association to establish regional science, technology, engineering, and mathematics (STEM) education networks. The Colorado STEM Network, comprised of five Regional Compacts, will coordinate with Governor Bill Ritter's P-20 Education Council, The Colorado Achievement Plan for Kids, and the Governor's Jobs Cabinet. The activities of this grant align directly with the Governor's education agenda to decrease the dropout rate, to double number of degrees and certificates, and to close the achievement gap.

Colorado Springs Region, Community STEM Convening Event
(Advance registration required since dinner will be provided.)
Tuesday, April 28, 2009, 4:30 PM-7:15 PM
UCCS at The Lodge

A concluding report on assets and needs of STEM education and workforce preparedness will be presented.

You will have the opportunity to guide future state policy regarding science, technology, engineering and math (STEM) education and workforce preparedness by:
adding comments
sharing what your organization is doing
identifying other needs.

Please encourage others who are interested in STEM education/workforce preparedness to attend.

For more information contact: Lynn Frederick, lfrederi@UCCS.edu, Colorado Springs Regional Coordinator.

Please RSVP by April 21 to:
