2007-2008 Verification of Low Income for Students

Student Name: _____

Student ID#: _____

On your FAFSA you indicated a very low income in 2006 for the number of people you (and your spouse) support. Please answer the following questions in order to help us understand your situation more clearly:

1. What were your (and your spouse's) monthly expenses in 2006? Please include amounts for housing, food, utilities, transportation costs, insurance, bills, and any other living expenses.

2. How did you (and your spouse) meet the above 2006 monthly expenses? Please list all sources of income including taxable and untaxed income (examples may include: government benefits, social security income, child support, etc.).

3. If the income listed does not meet the above expenses, please explain how the expenses were met (examples may include: use of savings or credit cards). If family or friends helped to pay any expenses listed, explain which expenses were paid on your behalf. List the amount received or paid on your behalf (e.g. bills) in 2006.

I certify that ALL information on this form is true, complete and accurate. I understand that I may be asked to explain my situation further if it is not clear what income and resources I had to live on in 2006.
