

**Sixth Annual  
Pikes Peak Regional  
Undergraduate Mathematics  
Conference**

**University of Colorado,  
Colorado Springs  
Saturday, 28 February 2009  
8:30 a.m. - 4:30 p.m.**

The focus of this annual conference is to give undergraduate mathematics students an opportunity to present their work in a professional, supportive setting. It is also an occasion for students to become acquainted with other students from the region, and to learn more about the mathematics profession, including graduate school and career opportunities.

Undergraduates from throughout the Rocky Mountain region are encouraged to attend, and especially encouraged to make a presentation. Presentation topics could include the results of classroom, independent study, REU or other research projects. Both research and expository topics are welcome.

Registration is free for all participants, and includes a buffet lunch. Participants traveling from outside the Colorado Springs region may be partially reimbursed for travel expenses, depending on availability of funds. It would be a tremendous help to provide your own travel and lodging if at all possible.

**Location:** University of Colorado, Colorado Springs is located three miles north of downtown Colorado Springs, one mile east of Exit 145 Garden of the Gods on Interstate 25.

**Preliminary Conference Schedule**

<b>8:30 - 9:00</b>	<b>Registration</b>
<b>9:00 - 9:15</b>	<b>Welcome &amp; Opening Remarks</b>
