

TEACHERS:

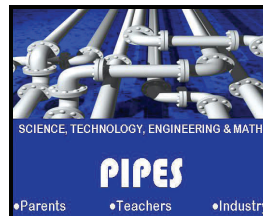

Use your classroom expertise to work with motivated students on a variety of interesting projects and earn some money while doing it!

The FLITE program is in need of paid teacher facilitators to assist students on their projects during the week. If you have the week of June 22-26 open and are interested in participating, please contact the PIPES program at UCCS via:

Email: pipes@uccs.edu

Phone: 255-3595

**LEAD
INVENT
PLAY
BUILD**

WHAT IS FLITE?

- Do you like building things and working with your hands?
- Do you like finding out how things work?
- Do you like solving problems and figuring things out?
- Have you always wanted to invent new gadgets and devices?
- Do you like playing with gadgets, devices, and cool toys?

If you answered yes to any of these, then consider signing up for FLITE. FLITE is an opportunity for you to build, engage, and invent from a whole range of possible projects of your choosing.

FLITE IS ABOUT WHAT YOU WANT TO DO!

- FLITE is a week long opportunity for 9th grade students
- FLITE gives you the opportunity to work with industry and military professionals in your chosen field
- FLITE gives you the opportunity to present your work to a panel of professionals
- FLITE gives you the opportunity to work with friends on fun, interesting projects

CHOOSE A PROJECT FROM:

- Electronics/Circuits**
- Computer programming**
- Mechanics & Motors**
- Robotics**
- Your own invention**

WHEN IS FLITE?

JUNE 22-26, 2009

9:00 - 3:00

UCCS Engineering Building

Registration due: March 6, 2009

Registration fee: \$55 (includes all materials, and equipment)

APPLICATIONS AVAILABLE AT:

www.uccs.edu/pipes/flite.html

Yes! I am interested in signing up for the FLITE experience.

Name: _____

Email: _____

Phone: _____

Interest Area:

- Electronics***
- Programming***
- Mechanics***
- Bio- engineering***
- Robotics***
