The Assessment and Accreditation Committee is charged with continual program and degree review to ensure quality education in the College of Education. The Committee will oversee matters of assessment and accreditation in the College, including:

- coordinating, monitoring, and reviewing assessment and accreditation processes within the College;
- ensuring that issues related to accreditation are a prominent part of the College culture for continual program and unit improvement;
- making recommendations to improve the efficiency of assessment and accreditation task completion; and
- making recommendations for resources to enhance the assessment and accreditation processes.

Composition of Assessment and Accreditation Committee

- at least one faculty representative from each department
- a minimum of one staff member
- Director of Teacher Education and Licensing Program serves as member
- Associate Dean serves as member pro tem without voting privilege
- Data Manager will serve as member
- Members will serve staggered 3 year terms
- The committee will elect a chair annually; secretarial duties will be shared

Assessment and Accreditation Committee meetings will be held a minimum of three times per semester from August through May. The Assessment and Accreditation Committee will present an outline of its year-long agenda and goals to the College of Education no later than the end of September, and will present a report of its year-long activities as well as future directions to the College of Education no later than the end of April.
