The summer semester officially begins on June 09, 2014. **UCCS also offers a number of early pre-term courses that start and end prior to June 09, 2014.** Please refer to the schedule link below

Please refer to the Schedule of Courses for: Complete details on registration, policies and deadlines, and the courses we offer for the spring semester. [www.uccs.edu/~admrec/courses.html](http://www.uccs.edu/~admrec/courses.html)

You have been assigned an enrollment appointment time based upon your academic level and status as a student at UCCS. The enrollment appointment controls the date and time when you can register for your courses (move courses from your shopping cart into your class schedule). You will be able to view and place courses in your “shopping cart” prior to the assigned enrollment appointment time.

For your enrollment appointment date and time, please check online through the Student Portal. Follow the instructions below to log on to the Student Portal. Write down your enrollment appointment at the top of the registration worksheet below. **Check for any HOLDS that exist that may prevent you from registering.**

**New undergraduate freshmen and transfer students are REQUIRED to attend a New Student Orientation.**

You will register for your summer courses at orientation.

Orientation materials and information will be mailed separately or go to [http://www.uccs.edu/~orientation](http://www.uccs.edu/~orientation).

For details regarding orientation, contact the Student Success Center located in Main Hall, 2nd floor, or call (719) 255-3260.

Registration Helpful Hints:

**How do I find my Registration Appointment?** In your Student Self Service Center, on the right is a box titled Enrollment Dates. Click on the “details” link and you will be taken to your individual registration appointment.

**Add/Drops:** You may add and drop classes freely **BEFORE** the published census date. After the census date passes please be aware that there is NO REFUND for dropped classes. Also, after census date you will need to acquire appropriate signatures on an Add/Drop form (available in Admissions & Records Main Hall 108) in order to add or drop a course.

**Swapping a course:** The course swap feature lets you drop and add a course in a single transaction so you do not lose a spot in one course, unless there is an open spot in the other course.

**Withdrawals:** This is when you withdraw from the semester **COMPLETELY.** At this point you will no longer be enrolled in any classes for that semester. A 100% refund is given for a withdrawal before the census date. AFTER the census date the refund will drop to 80% then 60% corresponding to days in the semester. NOTE: This is the ONLY circumstance where a refund is given at percents after census date. The refund is based upon the total tuition, not amount paid, excluding non-refundable fees.

**Permission Numbers:** If the course you wish to enroll in requires a permission number (Independent study courses, etc.), you will need to obtain one from the instructor of the course. When you go to enroll in the course, search and select the course as usual. **BEFORE** you put the class in your shopping cart the system will confirm the class you’re adding. The confirmation panel is where you enter the permission number and then click “Next” to add the course to your shopping cart.

**Waitlists:** Closed courses may allow students to place themselves on a waitlist. Waitlists are like an electronic line and when a spot becomes available, the next person in line who meets the requisites of the course is automatically enrolled in the course. If you are on a waitlist, you should check your status regularly, especially if you are in the top five in line.

**Schedule of Courses:** Complete details on registration, policies and deadlines are published in the Schedule of Courses. [www.uccs.edu/~admrec/courses.html](http://www.uccs.edu/~admrec/courses.html)
