UNDERSTANDING WAITLISTS
Closed courses may have WAITLISTS. If you try to register for a closed class which has a WAITLIST, you will need to select the Class Details link and check the Waitlist box. The message, “Waitlist if class is full”, will display. As openings occur in a waitlisted course, you will automatically be registered in the course.

It is your responsibility to check your waitlist positions and enrollment status in the web registration system.

You will be financially responsible for the courses that change from waitlist status to registered status.

WAITLISTS are deleted 7 to 10 days before the term CENSUS DATE. If you are still on a waitlist when the purge occurs, you will be dropped from the waitlist.

For short classes, the last day to Waitlist is the DAY PRIOR to the class begin date. Waitlists will be purged the following working day.

NOTE: You may still add courses with instructor written permission after waitlists are purged through Feb 6.

TIME CONFLICTS, CREDIT OVERLOADS, AND REQUISITES

The registration system will not permit you to register for time conflicts, credit overloads (over 18 hours, fall or spring and 12 hours for summer), or courses with special restrictions. Contact the Student Success Center for overloads. Add slips with appropriate signatures of approval are required for time conflicts and course restrictions/requisites.

NOTE: You may still add courses with instructor written permission after waitlists are purged through Feb 6.

WARNING: Always print your schedule at the end of each web registration session for your record.
ADDING COURSES

The deadline to add a course using the online registration system is Sept 12. After this date courses must be added in person at the Admissions and Records Office with approval signatures from the professor and dean. If a student doesn’t register for their first full-semester class(es) until after Census Date, a $50 late registration fee is assessed.

CONCURRENT REGISTRATION

A student may enroll for not more than 2 courses or 6 semester hours in the fall and spring (whichever is greater) or 3 hours in the summer at another CU campus with the approval of the academic dean. Tuition and fees will be assessed at the student’s home campus rate. Students must be enrolled at the home campus and classified as degree students. Concurrent registrations will only be approved for courses that are required for graduation and are not available at the home campus.

Concurrent Registration forms are available in the Admissions and Records Office. Concurrent registration deadlines are the same as regular registration deadlines.

Students who register at more than one campus of the University must apply, be admitted and pay tuition and fees to each campus for the number of credits carried at each campus.

CREDIT CHANGES

To change credit for variable credit courses you are registered in, complete a Credit Change form at the Admissions and Records Office. Deadlines and rules for changing are the same as for DROP/ADD. Exceptions are noted below.

The date for fall 2013 commencement is Friday, December 20, 2013. 11:30am for the College of Letters, Arts and Sciences. 3:30pm for Beth-El College of Nursing and Health Sciences, College of Business, School of Public Affairs, College of Education, and College of Engineering and Applied Science. Only those students graduating during the summer and fall can participate in the Fall Commencement ceremony. Only those students graduating during the spring can participate in the Spring Commencement ceremony.

DECLARATION OF MAJOR
Policy of the Board of Regents requires that students declare a major by the time they have 60 hours towards their degree - by the start of their Junior Year.

DEGREE AUDIT REPORT
A degree audit report provides current information as to a student’s academic status: requirements to be completed and requirements remaining. Available from the UCCS Student Portal through DARS, or from the Student Success Center, 2nd Floor, Main Hall, 719-255-3260.

E-MAIL POLICY
UCCS uses e-mail as an official means for communicating with students. To ensure students have access to this critical form of communication, students will be assigned a campus e-mail account at the time of acceptance at UCCS. Students are expected to check their official e-mail address on a frequent basis, in order to stay current with university communications. It is recommended that students check their official e-mail account at least once a week because some notices may be time sensitive. E-mail communication will be used to replace printed communication. In addition, faculty may use the e-mail account for their courses. Details about campus e-mail policies can be found at www.uccs.edu/helpdesk.

ENROLLMENT VERIFICATION
Current students can view their enrollment history, print enrollment verifications and check loan deferments sent to their lenders by logging into the MyUCCS Portal using their student logon and password. The Enrollment Verification link is available in the Academic Resources section of the Student Portal. For questions, please contact admrec@uccs.edu or 719-255-3361.

FINAL GRADES
Faculty are urged to POST grades ONLINE no later than 90 hours after the final exam.

Grades will be accessible for student viewing and printing on the web through the Student Self Service Center.

PLEASE REFER TO THE STUDENT PORTAL TO SEE GRADES.

An official copy of grades can be obtained by ordering an official transcript.

GRADUATION
REQUIREMENTS FOR BACHELOR’S DEGREE CANDIDATES
Students who expect to graduate at the end of the term must contact their academic advisor in the college/school from which they expect to receive the degree. In addition they must apply to graduate no later than the first week of classes. Only those students who have contacted their academic advisor and applied to graduate may be certified for graduation. Students who are graduating from Business, Engineering, LAS, Health Sciences, or Public Affairs should contact the Student Success Center the semester before their planned graduation for the Senior Audit appointment.

REQUIREMENTS FOR MASTER’S & DOCTORAL DEGREE CANDIDATES

• complete and have approved the Application for Admission to Candidacy form and the Diploma Card
• successfully pass the comprehensive examination, thesis/dissertation defense according to the following deadlines:

HONOR CODE

Academic honesty and integrity are vital elements of a dynamic academic institution. The responsibility for ethical conduct rests with each individual member of the academic community: students, faculty, and staff.

The University of Colorado Colorado Springs has an ongoing commitment to maintain and encourage academic integrity. Copies of the University’s Academic Honor Code, a set of standards of academic honesty and procedures governing violations of these principles, are available in the University Library, the Office of Dean of Students, or the Vice Chancellor’s office.

FORMS OF ACADEMIC DISHONESTY

- Plagiarism: Use of distinctive ideas or words belonging to another person, without adequately acknowledging that person’s contribution.
- Cheating: Intentionally possessing, communicating, using or attempting to use unauthorized (by the instructor) materials, information, notes, study aids, or other devices, in any academic exercise.
- Fabrication and Falsification: Intentional and unauthorized alteration or invention of any information or citation in an academic exercise.
- Multiple Submission: Submission of substantial portions of either written or oral academic work which has previously earned credit, when such submission is made without instructor authorization.
- Misuse of Academic Materials: Intentionally or knowingly destroying, stealing or making inaccessible, library or other academic resource material.
- Complicity in Academic Dishonesty: Intentionally or knowingly contributing to the academic dishonesty of another.

These examples of academic dishonesty are not comprehensive, and infractions will be dealt with on an individual basis. Each student is expected to assist in the enforcement of academic standards. Infractions should be first brought to the attention of the instructor, then to the dean of the college.

ORIENTATION FOR NEW STUDENTS

Sessions of the Student Orientation, which includes advising and registration program will be held before the start of each semester for all new students. The program is meant to prepare new students for their initial enrollment and to help ensure success at UCCS. Attendance is required for all new undergraduate students before they will be allowed to register for classes. Because classes are filled on a first-come, first-served basis, students should attend the earliest program possible.

Academic advisors from the Student Success Center will be available to answer questions and help students plan their class schedules so they can register that same day.

For the dates and times of orientation sessions, please go to http://www.uccs.edu/orientation.

Specific questions regarding new student orientation should be addressed to the Student Success Help Center, 719-255-3260, Main Hall 2nd Floor, or check the campus web site at www.uccs.edu/orientation.

ORIENTATION FOR GRADUATE STUDENTS

Graduate students are especially encouraged to contact the head of the specific programs in which they plan to enroll. New graduate students are welcome to attend either the fall or spring Graduate School Orientation during their first year on campus.

STUDENT OUTCOME ASSESSMENT AGREEMENT

UCCS requires a series of student outcome assessments at the beginning of the freshman year and at the end of the sophomore and senior years as part of the educational experience. Assessments are kept confidential and will not affect a student’s academic standing. Assessments are used along with other students’ test scores to identify relative strengths and weaknesses in the educational program for the continual improvement of UCCS.

TRANSCRIPTS

Current students can order official transcripts on the myUCCS Portal with no cost for standard processing. Transcripts will be processed 5-7 business days from the date the transcript is ordered and mailed through the United States Postal Service via first class mail.

Transcripts will be withheld for students with current financial obligations to the university, or disciplinary actions that are in progress from any CU campus.

**AFFIRMATIVE ACTION**

The University of Colorado Colorado Springs follows a policy of equal opportunity in education and employment. In pursuance of this policy, no campus department, unit, discipline, or employee shall discriminate against an individual or group on the basis of race, color, religion, sex, age, national origin, sexual orientation, individual handicap, or veteran status. Under Colorado state law, sexual orientation includes a person’s orientation toward heterosexuality, homosexuality, bisexuality, or transgender status. This policy applies to all areas of the University affecting present and prospective students or employees.

The institution’s educational programs, activities, and services offered to students and/or employees are non-discriminatory and consistent with State Affirmative Action guidelines, as well as with Federal laws and orders.

For information about these provisions on equity, discrimination, or fairness, as well as internal and external complaint procedures, contact the Director of Student Enrollment Services, Room 318, Main Hall or call 719-255-3359.

**UCSS AFFIRMATIVE ACTION/EQUAL OPPORTUNITY POLICY STATEMENT**

The University of Colorado Colorado Springs is committed to creating and maintaining a work and study environment for faculty, staff, and students that does not discriminate on the basis of race, color, religion, sex, age, political affiliation, national origin, individual handicap, sexual orientation, or veteran status. All employees, faculty and students must be allowed to work, study and teach in an environment that is free of unwanted sexual overtures which undermine the integrity of employment, teaching, and faculty-student relationships. The University of Colorado Colorado Springs is as a matter of principle and legally committed to the cause and spirit of affirmative action and equal opportunity. As Chancellor, I wish to emphasize my professional and personal commitment in assuring that the implementation of affirmative action programs thus yield positive, tangible results at CU Colorado Springs.

Effective implementation requires the involvement, participation, and support of all segments of the University. Positive, good faith efforts will be required of everyone, but particularly of those individuals who are responsible for recruiting, hiring, evaluating, and promoting others. Performance in this area will be an important element in the evaluation of all campus administrators and supervisors. The Director of Student Enrollment Services is available to assist all employees, faculty, and students in this important area.

**COLORADO RIOITING ACT**

No person who is convicted of a riot offense shall be enrolled in a state-supported institution of higher education for a period of twelve months following the date of conviction.

A student who is enrolled in a state-supported institution of higher education and who is convicted of a riot offense shall be immediately suspended from the institution upon the institution’s notification of such conviction for a period of twelve months following the date of conviction; except that if a student has been suspended prior to the date of conviction by the state-supported institution of higher education for the same riot activity, the twelve month suspension shall run from the start of the suspension imposed by the institution. Nothing in this section shall be construed to prohibit a state-supported institution of higher education from implementing its own policies and procedures or disciplinary actions, in addition to the suspension regarding students involved in riots stipulated above. (Colorado Revised Statutes, 23-5-124).

**DRUGS AND ALCOHOL**

In compliance with the Drug Free Schools and Communities Act, the University of Colorado Colorado Springs prohibits the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance, or of illicit drugs and alcohol, on university property or as part of any university activity. This prohibition applies to all students and to all employees. Any employee (including student employees) who act in violation of the above policy also results in a conviction under a criminal drug statute must report the conviction in writing to the employee’s departmental supervisor within five days. The University, in turn, may be obliged by law to report certain convictions to the federal government.

The University, through regulated law, established governance committees, procedures, and state laws and policies, will impose sanctions for violation of this policy, which may include but is not limited to mandatory participation in a rehabilitation program, or disciplinary action such as reprimand, suspension, alar reduction, demotion, or termination of employment for employees, and for students a warning, probation, suspension, ineligibility for financial assistance, expulsion from university housing, or dismissal or expulsion from the University itself.

Many of the Acts which violate this policy also violate criminal law and must be referred for prosecution. In such cases law enforcement authorities may administer a separate penalty such as a fine or imprisonment.

In addition to the imposition of legal and financial consequences associated with the abuse of drugs and alcohol, the physical and psychological effects of such abuse can have a devastating effect upon the ability to perform physical and intellectual skills required of a student or employee. It can also impair the ability to develop and maintain the interpersonal skills and the working relationships essential to an effective environment.

The University of Colorado Colorado Springs provides education, counseling, and referral for rehabilitative treatment relating to drug and alcohol abuse. Students should contact the Counseling Center for additional information.

**PRIVACY ACT - FERPA**

The University of Colorado Colorado Springs informs students of the Family Educational Rights and Privacy Act (FERPA) of 1974. The University intends to comply fully with the Act, which was designated to protect the privacy of education records, to establish the right of students to inspect the privacy of education records, to establish the right of students to inspect and review their educational records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with the Family Educational Rights and Privacy Act Office (FERPA) concerning alleged failures by the institution to comply with the Act.
The complete policy can be found in the University library and the Office of the Registrar. Information is also published in the Catalog. A directory of records, which lists all education records maintained on students by this institution, may be found in the Office of the Chancellor.

The University of Colorado Colorado Springs (UCCS) has designated the following as directory information: student name; student address (mailing and permanent); telephone number; campus e-mail address; dates of attendance; previous educational institutions attended; School/College or division of enrollment; majors/ minors and field of study; class level; degree(s), honors and awards applied for or conferred (including certificates, thesis and dissertation titles) and dates conferred with location; enrollment status; expected date of completion or graduation in enrolled course of study; student employment; College Opportunity Fund application and authorization status for Colorado residents; past and present participation in officially recognized activities and sports (including height and weight of athletes); and photo of student (Student ID). Although these items are designated by the institution as directory information, only a limited amount of this information is routinely disclosed by UCCS officials and the University retains the discretion to refuse to disclose directory information if it believes such disclosure would be an infringement of your privacy rights.

One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. Examples of a school official is a person employed by the university in an administrative, supervisory, academic or research, or support staff position including law enforcement unit personnel and health staff; a person or company with whom the university has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Regents; reporting to CO Dept of Education, Student Clearing house or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her duties. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the university discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

Currently enrolled students may withhold disclosure of directory information that the Family Educational Rights and Privacy Act of 1974. To withhold disclosure, written notification must be received in the Office of the Registrar. Forms requesting the withholding of “directory information” are available at the Admissions and Registrar’s Offices. The University of Colorado assumes that failure on the part of any student to request specifically the withholding of “directory information” indicates individual approval for disclosure. Questions concerning the Family Educational Rights and Privacy Act may be referred to the Office of the Registrar.

RESIDENCY CLASSIFICATION FOR TUITION PURPOSES

A student is classified initially as an in-state or out-of-state registrant for tuition purposes at the time an application and all supporting credentials have been received in the Office of Admissions and Records. The classification is based upon information furnished by the student and from other relevant sources. The requirements for establishing residency for tuition purposes are defined by law of the State of Colorado (Chapter 23, Article 7, Colorado Revised Statute 1973, as amended). Due to the complexity of the statute, detailed information should be obtained directly from the Office of Admissions and Records.

After the student’s status is determined, it remains unchanged in the absence of satisfactory evidence to the contrary.

Classification standards conform to state statutes and judicial decisions and are applicable to all of Colorado’s state-supported colleges and universities.

The student who, due to subsequent events, becomes eligible for a change in classification, whether from out-of-state or the reverse, has the responsibility of informing the tuition classification officer, Office of Admissions and Records, after such a change occurs. If an adult student or an emancipated minor establishes domicile outside Colorado, he is to send written notification within five days to the tuition classification officer.

PETITIONING FOR CLASSIFICATION CHANGE

Any student who is 23 years of age or older, or is an emancipated minor as defined by law, is qualified to change his domicile and his or her tuition classification status. Detailed instructions as to the procedure to follow and the necessary petition forms are available from the tuition classification officer, University of Colorado Colorado Springs, Office of Admissions and Records.

CLASSIFICATION NOTES

1. Petitions will not be acted upon until an application for admission to the University and complete supporting credentials have been received.
2. Changes in classification are made effective at the time of the student’s next registration.
3. A student who willfully gives wrong information to evade payment of the out-of-state tuition is subject to legal and disciplinary action.
4. Petitions must be submitted by August 26, 2013 for the fall semester.
5. Late petitions will not be considered until the next semester.

RESIDENCY-ACTIVE DUTY MILITARY

Special rules apply to active duty members of the U.S. and Canadian armed forces who are permanently stationed in Colorado, and their dependents. Military Certification Forms are available at base/post education offices, that once certified, give in-state tuition rates. These students, if undergraduate, also qualify to receive the Colorado College Opportunity Fund to be applied toward their tuition.

HONORABLY SEPARATED/RETIRED MILITARY

Per House Bill 09-1039, honorably separated or retired military from active
STUDENT APPEALS

The University has established procedures for students who believe that inappropriate decisions have been made that affect them. Academic issues (for example, graduation requirements or course grades) should be addressed to the office of the dean of the appropriate school/college. Appeals of administrative actions (for example, financial aid awards, or parking tickets) should be directed to the office which made the decision. Allegations of any discriminatory practices should be referred to the Office of the Dean of Students. Advice and assistance on appeal procedures is available from the Office of the Dean of Students.

STUDENT CONDUCT

The University of Colorado Colorado Springs has established a code of conduct Standards of Conduct to maintain the general welfare of the University community. The University strives to make the campus community a place of study, work and residence where people are treated with civility, respect and courtesy. Admission to the University carries with it the expectation that students will be responsible members of the campus community. This includes respecting the personal safety and individual rights of all in the University community, acting in accordance with accepted standards of social behavior and abiding by the regulations of the University and the laws of the city, state and nation. The Standards of Conduct clearly state the University’s expectations for student behavior. Students are expected to become familiar with these standards and fully understand their responsibility as University community members.

The Standards of Conduct apply to all students at UCCS, regardless of designation, program, or residence. These regulations apply primarily to misconduct on University premises; however, off campus violations that may impact the University’s mission fall under the jurisdiction of the Office of the Dean of Students and may lead to disciplinary action.

The Standards of Conduct help to promote a safe and civilized campus environment. All students enrolled at UCCS are required to abide by these standards or they will be subject to discipline. An attempt to commit an act prohibited by these standards or attempts to aid, abet or incite others to commit acts are subject to discipline to the same extent as a completed act. Similar standards of conduct apply to other members of the University community, faculty, staff and visitors. Allegations of any violations should be directed to the office of the Office of the Dean of Students for resolution.

The Standards of Conduct document details the rights and responsibilities of students accused of misconduct as well as victims of alleged student misconduct. Questions regarding behavioral issues should be directed to the Office of the Dean of Students in Main Hall, Third Floor, Room 322, 719-255-3901. See our web page at http://www.uccs.edu/oja/student-conduct.html for more information.

STUDENT RIGHT-TO-KNOW

As required by the Student Right-to-Know and Campus Security Act, the University of Colorado Colorado Springs is complying with the provisions of this law by informing all currently enrolled and prospective students of the “projected graduation rate” of specific cohorts. The projected completion or graduation rates of the cohorts reflects the percentage of students in the cohort who (1) have already completed or graduated from their respective programs, or (2) re-enrolled during the period of July 1 through September 30, 2010. http://www.uccs.edu/ir/Data/Students.html

Based on the above definition the projected completion rate for:

- 1999 cohort equals 54%
- 2000 cohort equals 56%
- 2001 cohort equals 59%
- 2002 cohort equals 61%
- 2003 cohort equals 67%
- 2004 cohort equals 67%
- 2005 cohort equals 63%
- 2006 cohort equals 68%
- 2007 cohort equals 70%
- 2008 cohort equals 67%

The Colorado Department of Health and Environment requires any student who is enrolled for one or more classes, born January 1, 1957, or later, be immunized against Measles, Mumps and Rubella (German Measles) (MMR), or provide documented proof of immunity. Individuals born before January 1, 1957 are presumed immune and are exempt from the immunization requirement.

In order to meet this State Health Dept requirement, four options are available to you:

1) Provide proof of immunity consisting of an official Certificate of Immunization, signed by a physician, nurse, or school health authority, which documents two doses of rubeola measles, mumps, and rubella measles vaccine. A completed immunization certificate must:
   A) Include month, day and year of vaccination.
   B) Indicate, when applicable, that the first dose of MMR was administered on or after the first birthday and at least one month apart.
   C) Include a signature or stamp of a doctor, nurse, or school health authority, official letterhead, or have as an attachment, other signed documents evidencing immunity.

   Note: Documentation can be obtained from several sources: medical records, former college or high school records, military records, or personal/family (certified) shot records.

2) Blood test results, called “titers” proving immunity to all three diseases (rubeola measles, mumps and rubella measles) are acceptable.

   Note: The lab tests MUST be shown for all three diseases in order to meet the requirements.

3) Sign a personal, religious, or medical exemption. This option is available for people who are unwilling or unable to provide proof of immunizations.

   Note: By accepting this option, it is stressed that in the event of an outbreak, the Colorado Department of Health and Environment may dismiss all students with an exemption from campus for the duration of the outbreak.

4) The MMR immunizations are available for all students at the Student Health Center by appointment, or you may contact your personal health care provider or local Health Department to schedule an appointment to obtain the vaccine.

   Note: For the students who are unable to acquire any proof of immunization, the immunizations are a series of two shots, thirty days apart.

This Certificate of Immunizations form should be completed or a COPY of your two CERTIFIED MMR’s should be mailed or faxed to the Student Health Center prior to, or upon your arrival on campus.

A student’s business program/catalog year is the one in effect at the time of a student’s most recent admission to UCCS College of Business or to LAS Pre-Business. Transfer students from Colorado Community Colleges may follow the graduation requirements in effect during the academic year the student began their study at the community college if they complete the AA Business Option (restrictions apply, please see UCCS Student Success Center). All others are evaluated on a case by case basis. The student bears primary responsibility for the fulfillment of degree requirements.

ADMINISTRATIVE DROPS

Business faculty or the dean MAY drop students for lacking proper course prerequisites and/or class standing. Business faculty also may drop students who do not attend the first class without prior permission from the instructor. This policy allows the adding of waitlisted students who attend the first class.

COURSE FEES

All students taking courses in the College of Business will pay a technology fee based upon the course subject heading. For Information Systems (INFS) and Quantitative Studies (QUAN) courses, the fee will be $15 per semester hour. For all other College of Business courses, the fee will be $5 per semester hour. Online business courses require a $100 fee. The maximum fee charged to a student for all College of Business courses taken in a semester is $120 except for PGMT and distance online courses.

GRADUATING STUDENTS

All students graduating from either the undergraduate or MBA program must contact the appropriate College of Business advising office for a complete academic evaluation (senior/MBA graduation audit) DURING THE SEMESTER PRIOR TO THEIR FINAL SEMESTER.

INCOMPLETE GRADES

Incomplete Grades (‘I’s) are appropriate for students who have completed a substantial portion of the semester but who then become ill or encounter other documentable extenuating circumstances beyond their control that prevent them from completing their coursework.

Instructors have sole discretion to award a grade of I. The purpose of an I is to allow students to make up missing work or exams; therefore, a student must meet with his/her instructor to develop a plan for completion. Students may not attend any part of the course a second time, unless they register and pay for the course. To resolve an I, the student must complete the specified work by the specified deadline. In all cases where an I is not remedied, the I grade automatically converts to an F on the student’s permanent record one calendar year after award of the I. The student is responsible to ensure that incomplete grades are remedied at least four weeks prior to his/her scheduled graduation date.

PASS/FAIL COURSE REGISTRATION

With the exception of BUAD 3010, 3020, 3030, internships numbered 4960 and 6960, and certain experimental courses, CoB students may not use courses taken on a pass/fail basis to satisfy required courses. Only open electives may be taken on a pass/fail basis and applied toward the undergraduate degree. No pass/fail courses may be taken and applied toward the Graduate degree program. Pass/ Fail determination must be made within university deadlines and is irreversible.

UNDERGRADUATE

UNDERGRADUATE STANDARDS OF PERFORMANCE

Students are held to basic standards of performance established for their classes with respect to attendance, active participation in course work, promptness in completion of assignments, correct English usage both in writing and in speaking, accuracy in calculations, and general quality of scholastic workmanship. In general, examinations and scholarly papers are required in all courses and for all students.

To be in good standing, (i.e.: not on probation) a minimum scholastic cumulative grade point average (GPA) of 2.0 is required for all coursework attempted, and a 2.0 GPA for all business courses attempted. These GPA requirements apply to work attempted at all University of Colorado (CU GPA) campuses. Remedial course work is not included in the overall average. Students are responsible for being aware of their academic standing at all times; late posting of grades and/or late notification by the College does not waive this responsibility.
In order to graduate with a Professional Program Area of Emphasis, students must maintain the following criteria:

- 2.0 cumulative GPA
- 2.5 College of Business GPA
- 2.5 Area of Emphasis GPA

Students not meeting these requirements will not be permitted to graduate with a Professional Program Area of Emphasis, but will receive a Bachelor of Science in Business degree provided that their CU GPA and Business GPA are at least a 2.0.

**GRADUATE**

**Course Eligibility** - Students must be officially admitted to the MBA program or to another UCCS graduate program to register for 5000 or 6000 level courses. Those students who already have a Masters or a Ph.D. degree should consult with the College of Business MBA advising office to determine their eligibility for graduate level course work.

**MBA FOUNDATION REQUIREMENTS**

The College of Business provides the following series of business courses as required foundation courses for graduate study in business. These courses may be waived on a course-by-course basis by prior academic course work at the discretion of the MBA advising office.

- **ACCT 5500** 3.0 Introduction to Accounting
- **BUAD 5500** 3.0 Fundamentals of Economics
- **BUAD 5600** 3.0 Business, Government and Society
- **QUAN 5500** 3.0 Fundamentals of Business Statistics

The determination of which (if any) of these foundation courses are required is made when the student meets with an MBA advisor at the time of his/her admission to the MBA program.

**REPEATING COURSES**

Any grade below C (2.0) is not a passing grade for graduate students. A student may repeat a course once for which he or she has received a grade below C. Both the original grade and the grade for the repeated course count in the computation of the grade point average which is used to satisfy graduation requirements. All work attempted will appear on permanent records.

**STATEMENT OF ACADEMIC STANDARDS**

To be in good standing, MBA students must have an overall grade point average of not less than 3.0 for degree program and degree program foundation course work attempted. Any individual grade below C (2.0) is not a passing grade for graduate students. See the Academic Catalog for more detailed information.

The College of Education offers undergraduate and post-baccalaureate licensure preparation and Master of Arts degrees. Within the Curriculum and Instruction Department, undergraduate and graduate pre-service teacher licensure programs in elementary and secondary education are available. Students may also earn a Master of Arts degree in Curriculum and Instruction with an emphasis in the specialty areas of educational technology, language and literacy, leadership, management, and research. Within the Special Education Department, undergraduate and graduate special education licensure programs are available. Students may also earn a Master of Arts degree in Special Education without licensure. The College of Education and Human Services offers a Master of Arts degree in Counseling and Human Services with specialty areas in school counseling and clinical mental health counseling. The Department of Counseling and Human Services offers a Master of Arts degree in Counseling and Human Services with specialty areas in school counseling and clinical mental health counseling. The Licensed Professional Counselor (LPC) credential may be obtained by graduates from both programs. School Counseling Licensure (Colorado) may be obtained by School Counseling graduates. The department also offers an Advanced Certificate (post-master's certificate) in Counseling and Human Services. The Department of Leadership, Research, and Foundations (LRF) offers a Master's Degree in Leadership and Foundations and provides a series of admissions activities. Consult with the program assistant from the Department of Counseling and Human Services to obtain more information about the activities and other admissions requirements. Application forms should be submitted to the College of Education, University of Colorado Colorado Springs, 1420 Austin Bluffs Parkway, Colorado Springs, Colorado 80918-3733.

Applicants to the School Counseling, Special Education, Teacher Education, UCCS Teach Program, and Alternative Licensure Programs require successful completion of specific PRAXIS II or PLACE (Programs for Licensing Assessments for Colorado Educators) exams. Contact Teacher Education at 719-255-4526 for appropriate PRAxIS or PLACE test for TELP and ALP. Applicants for graduate studies who do not already have a master's degree, except and Sp. Ed. must take either the Graduate Record Examination (GRE) or Miller Analogies Test (MAT) as a part of the requirements for admission. Educational leadership students must take the (GRE). The results should be sent directly to the College of Education, University of Colorado Colorado Springs, 1420 Austin Bluffs Parkway, Colorado Springs, CO 80918-3733. No application will be considered complete until the test scores are received.

Graduate work done as an unclassified student

If you are in education and would like to update your competencies or complete a specified amount of graduate study for license renewal, advancement in salary, or a change of assignment but are not interested in earning a graduate degree, you should apply to the Office of Admissions for admission as an unclassified student. Upon admission you may enroll, and after the end of the term (please allow four weeks for transcript processing) receive an official record of work completed. You may confer with the College of Education faculty about courses in which to enroll. If you decide to apply for graduate student status, you should be aware that only nine hours taken as an unclassified student may apply toward a degree.

Graduation procedures

Please visit the College of Education the semester prior to the intended semester of graduation to pick up necessary paperwork. Application for graduation must be completed no later than January 15th for spring graduation, June 15th for summer graduation and September 1st for fall graduation. Depending on your degree program, paperwork may include the comprehensive exam registration form, the “application for diploma” card, and the “Application for Admission to Candidacy for an Advanced Degree.”

ENGINEERING INSTRUCTION FEE

All students taking Engineering and Applied Science courses will be charged a $15.00 per credit hour instruction fee. The maximum charge per student is $180.00.

Students are responsible and liable for damage to equipment caused by neglect, improper use or failure to follow operating instructions.

PRE-ENGINEERING PROGRAM

This program is established within the EAS College for the purpose of assisting students who are deficient in their math/science background. Pre-engineering students who have completed MATH 1350, MATH 1360 and CHEM 1030 or PES 1110 should make an appointment with the Engineering advisor (719-255-3260) to apply for a major in EAS.

UNDERGRADUATE STUDENTS

ACADEMIC ADVISING

All students must be advised prior to registering for courses. Required advising will be conducted in April. Students will be notified who their advisor is by email. If students do not know by the week of April 8th - 12th, contact the Engineering advisor, Main Hall, Second Floor; Claire Ami, at 719-255-3637, cami@uccs.edu.

TRANSFER CREDIT EVALUATION

Once a student has been admitted, an initial transfer evaluation will be completed. He/she will need to attend an orientation session. The student’s credits will be applied to their degree program once they have attended orientation.

GRADUATION CHECK

Graduating seniors need to schedule an appointment with the Engineering Advisor, 719-255-3260, during the semester prior to the intended date of graduation to conduct a graduation check.

GENERAL INFORMATION

The academic policies, rules, and regulations of the College and University are listed in the UCCS Catalog online at [http://Catalog.uccs.edu](http://Catalog.uccs.edu). All students are responsible for knowing and following the provisions set forth in the Catalog. Any questions concerning those provisions are to be directed to the Student Success Center. The College cannot assume responsibility for problems resulting from a student’s failure to follow the policies stated in the Catalog or from information given by someone other than a qualified university staff member of the College. Similarly, students are responsible for all deadlines, rules and regulations in this schedule.

PRE-PROFESSIONAL PROGRAMS

Pre-professional programs of four years or less than four years which may be completed in the College of Letters, Arts and Sciences include:

- Pre-Dentistry
- Pre-Medicine (choose major)
- Pre-Education: elementary (K-6) or special education (K-12) choose major from biology, English, geography & environmental studies, history or Spanish. For secondary education (7-12) choose major from biology, chemistry, English, history, mathematics, physics or Spanish.
- Pre-Child Health Associate/Physician Assistant
- Pre-Physical Therapy (choose major)
- Pre-Veterinary Medicine

For information see the “pre-professional curricula” section of the Catalog. Students are reminded that only the pre-professional portion of these programs may be completed on this campus and that they must apply for acceptance to the final stage of the program at the professional school offering the degree.

STATEMENT OF ACADEMIC STANDARDS—UNDERGRADUATE

Students are held to basic standards of performance established for their classes with respect to attendance, active participation in course work, promptness in completion of assignments, correct English usage both in writing and in speaking, accuracy in calculation, and general quality of scholastic workmanship. In general, examinations are required in all courses and for all students including seniors. To be in good standing, students must have a cumulative CU grade-point average of not less than 2.0 (C=2.0) for all course work attempted. This applies to work taken at all University of Colorado campuses.

ACADEMIC SUSPENSION

The normal suspension period in the College of Letters, Arts and Sciences is one academic year. However, students may request their suspension be held in abeyance for the term by making an appointment with the Associate Dean of the College or the Coordinator of Probation/Suspension in the Student Success Help Center. Otherwise, students suspended for the first time will be reinstated after the normal suspension period has been served upon reapplying for admission to the University.

Further information on academic probation and suspension can be found in the UCCS Catalog and at the Student Success Help Center, Main Hall, Second Floor.

ADMISSION AND ACADEMIC ADVISING

Admission - Students should obtain an application form from the Office of Admission and Records and submit their application in accordance with the relevant deadlines.

ACADEMIC ADVISING FOR NEW STUDENTS

All entering students must attend an orientation prior to registering for courses. At these sessions, academic advisors will explain graduation requirements for a degree from the College of Letters, Arts and Sciences and will be available for academic advising. Call 719-255-3260 for dates and times of the orientation, or go to the web-site [http://www.uccs.edu/~orientation](http://www.uccs.edu/~orientation).

UNCLASSIFIED STUDENTS

Students who are at least 20 years old as of Sept. 15 for Summer Term and Fall Term or Feb. 15 for Spring Term and who are unable to meet application deadlines are encouraged to apply as Unclassified Students in order to begin work on an LAS program while completing application procedures. In general, a maximum of 12 semester hours taken as an unclassified student may be applied toward a degree. Unclassified students are encouraged to come to the Student Success Help Center in Main Hall, Second Floor, or call 719-255-3260.
LAS Juniors who wish to graduate with departmental honors should contact their major departments for requirements.

LAS Seniors who expect to graduate during the current semester must contact the Student Success Center to schedule a final graduation appointment. **Note:** Prior to making this appointment it is preferred that you have completed the composition requirements and the reasoning skills requirement. All requirements must be completed by the last day of classes.

**PROSPECTIVE STUDENTS**

The Office of Student Recruitment and Admissions Counseling is happy to answer your questions about becoming a student at UCCS. We work with all high school and college transfer students. Our office is located in Cragmor Hall, Room 001. Monday - Friday, 8am - 5pm. If you have questions call 719-255-3084 or 1-800-990-8227 extension 3084. http://www.uccs.edu/futurestudents

**MISCELLANEOUS INFORMATION**

**THE CATALOG**

Please refer to the Catalog for course descriptions, prerequisites, and a more complete description of admission requirements, programs, graduation requirements, etc. The Catalog is online at http://catalog.uccs.edu

**PREREQUISITES**

Prerequisites are the courses which must have been completed prior to registering for another given course. If there are any doubts, see the course description in the Catalog, or ask a department representative.

**NON-LAS COURSES**

Students in the College of LAS may register for courses in other colleges such as Business, Education, Engineering, etc, or the School of Public Affairs; however, only 30 hours in such courses may be credited toward the Bachelor’s degree.

**PASS/FAIL**

A maximum of 15 hours of P/F work may count toward a degree in the College of Letters, Arts and Sciences. **Only electives may be taken pass/fail.** Courses which satisfy requirements, including the major, **must be taken for letter grades.** Transfer students may take one hour pass/fail for every 8 semester hours attempted at this University. A maximum of 6 hours may be taken pass/fail during the fall and spring terms and no more than 3 hours during the summer.

**NO CREDIT**

Changes to No Credit (NC) will not be approved after the final day of the Drop/Add period without both the approval of the Instructor and the Dean of the College of LAS.

**REPEATING COURSES**

If a course is repeated, credit for only one course will be counted toward a degree; however, if both courses were taken in the CU system, both grades will appear on the student’s record and will be applied to the CU grade point average.

**INCOMPLETE GRADES**

Grades of incomplete (I) will be given only when there are clearly extenuating circumstances preventing a student from completing a course before the last day of the semester. The incomplete must be completed within one calendar year or it will be regarded as an F.

Incomplete grades are NOT appropriate for students who have never attended or stopped going to class, are failing or are otherwise too busy to complete the work on time, or do not appear for the final examination.

**INDEPENDENT STUDY**

Students who wish to pursue a topic of interest in greater depth than that offered in the classroom may register for independent study courses with the approval of the appropriate department. Not more than 8 hours of independent study may be credited toward the major, and not more than 16 hours toward the Bachelor’s degree. No student may register for more than 8 hours of independent study in any one term. Prior to registering for independent study, the student must meet with the appropriate instructor to design the independent study project and complete the independent study form. This form should be returned to the Student Success Center.

**CORRESPONDENCE STUDY**

The College of LAS offers opportunities for correspondence study through Colorado Consortium. A maximum of 30 hours of such work may count toward the degree. This work carries resident credit if taken from CU.

*(45 must be upper division)*

Explanations of the above requirements follow.

**THE AREA REQUIREMENTS**

A liberal arts degree provides students with a breadth of experiences, and the Area Requirements are designed to help fulfill that goal.

Consequently, each student must complete a minimum of 12 semester hours in each of the following areas:

- The Humanities
- The Natural Sciences
- The Social Sciences

These 36 hours are referred to as the “Area Requirements.”
In this section you will find three lists of courses from various departments that have been approved to satisfy the Area Requirements.

**How to use these lists:**
1. Select only courses from the lists to fill Area Requirements.
2. Don’t use courses in your major; they apply elsewhere.
3. Don’t take these courses on a pass/fail basis.
4. Don’t take more than 2 courses from one department to satisfy a combination of humanities, social science, natural science. (i.e. 2 anthropology courses for natural sciences are fine, but you couldn’t use a 3rd course for social sciences.)
5. Consult the Catalog for pre-requisites; even 1000-level courses may have them.
6. Prospective teachers have further restrictions; see an advisor before selecting courses.
7. Any cross-list for the courses listed below will also satisfy the relevant requirement.

To qualify for a bachelor’s degree from the University of Colorado Colorado Springs, a student must complete C01 and C02 core writing requirements and demonstrate writing competency by passing the junior-level writing portfolio assessment. Students who do not complete the writing portfolio assessment should enroll in ENGL 3010, ENGL 3080, or another course as approved by the Director of the Writing Portfolio.

ESL OR ELL STUDENTS ENROLLED IN ENGL 1300 + 1305 OR ENGL 1310: The First-Year Rhetoric and Writing Program advises ESL students to enroll in ENGL 1310 sections with faculty who are qualified for ESL writing instruction for non-native speakers. Please contact the Rhetoric and Writing Program, Columbine 1041 for ESL placement and enrollment consultations and advising.

Students may meet core C01 and C02 writing requirements in the following ways:

1. Successfully complete ENGL 1300 + ENGL 1305 Stretch (C01 ENGL 1310 equivalent) and ENGL 1410 at UCCS and then pass the junior-level portfolio assessment.
   A. To be admitted to ENGL 1300 Stretch, students must meet one of the following requirements:
      1) Score 14-18 on the English ACT.
      2) Score 400-440 on the verbal SAT.
      3) Early College or high school concurrent enrollment students must present an ENGL ACT score of 14-18. (UCCS on-site ENGL ACT testing is available)
      4) For individual placement questions, contact the Director of First-Year Rhetoric and Writing.
   B. To be admitted to ENGL 1305 Stretch, students must meet the following requirement:
      1) Complete ENGL 1300 Stretch with a C- or better.
      2) For individual placement questions, contact the Director of First-Year Rhetoric and Writing.

2. Successfully complete ENGL 1310 and ENGL 1410 at UCCS and then pass the junior-level portfolio assessment.
   A. To be admitted to ENGL 1310, students must meet one of the following requirements:
      1) Score 19-28 on the English ACT.
      2) Score 450 to 640 on the verbal SAT.
      3) Students with high school diplomas or GEDs, but without ENGL ACT or SAT scores may submit a writing sample to the Director of First-Year Rhetoric and Writing Program, Columbine 1041, for placement.
      4) Early college or high school concurrent students without high school diplomas or GEDs must present an ENGL ACT score of 19-28 (UCCS on site ACT testing is available) or a SAT score of 450-640.
   B. To be admitted to ENGL 1410, students must meet one of the following requirements:
      1) Complete ENGL 1300 + 1305 Stretch with a C- or better, or ENGL 1310 at UCCS.
      2) Score 29+ on the English ACT.
      3) Score 650+ on the ENGL SAT.
      4) Score 4 on the CEEB Advanced Placement English Language and Composition Exam.
      5) Score 5 on the IB English Examination.
      6) Successfully complete a first semester writing course (an approved equivalent to ENGL 1310) at an accredited college or university with a C- or better.
      7) Score 50 and receive a ‘pass’ on the essay portion of the CLEP College Composition Modular Exam with essays. Not an option for Engineering majors.
   C. To demonstrate writing competency after C01 and C02 core writing, students must pass the writing portfolio competency assessment.

The “final” C02 rhetoric and writing course for each undergraduate program is listed below:
   i. For LAS, SPA, and Nursing students: ENGL 1410
   ii. For BUS students: ENGL 2080 or INOV 2100
   iii. For EAS students: ENGL 2090 or INOV 2100

Students may transfer C01 and C02 writing courses if approved as equivalents by successfully completing one or two semesters of writing at an accredited college or university with a C- or better. Transfer students must also demonstrate writing competency by passing the junior-level writing portfolio assessment at UCCS or by taking ENGL 3010 or ENGL 3080.

Students must demonstrate competency by passing the writing portfolio assessment prior to earning 90 credit hours toward their degree plan or within 3 semesters of planned graduation. Students may choose not to submit a writing portfolio and instead meet the competency requirement successfully completing, with a C- or better, ENGL 3010 or ENGL 3080.

CLEP COLLEGE COMPOSITION MODULAR EXAM WITH ESSAYS
Students who would like to earn CLEP credit for ENGL 1310 may take the College Composition Modular Exam with essays at PPCC Testing Center. For testing information, contact the University Testing Center in MAIN 105C, 719-255-3354. Not an option for Engineering.

JUNIOR LEVEL WRITING PORTFOLIO COMPETENCY EXAM
For information and applications, walk into the Portfolio Office in COB 1046. A $15.00 assessment fee will be billed to all students who submit a portfolio to demonstrate writing competency.
All students may take or retake the ENGL ACT exam on site in the UCCS Testing Center. To retake the ACT, contact the University Testing Center in MAIN 105C, 719-255-3354.

COMPUTER-MEDIATED INSTRUCTION
All composition courses are taught in computer classrooms. Students are billed $10.00 per course to cover technological support for the classrooms and printed materials for these courses.

Mathematics

*Mathematics Placement Requirements:* Students are required to demonstrate that they have met the course prerequisites BEFORE enrolling in any Math course. Prerequisites are specific to each course, to review prerequisites for a specific course please visit [http://www.uccs.edu/~cic/search-course-schedule.html](http://www.uccs.edu/~cic/search-course-schedule.html). If you have not met the prerequisites for MATH 99 Algebra II: Intermediate Algebra, MATH 1040 College Algebra, MATH 1050 Elementary Functions for Calculus (Precalculus), MATH 1120 Calculus for Business & Economics, MATH 1310, MATH 1320, or MATH 1350 Calculus I, you will be unable to register for your course. Students who have not met the prerequisite requirement for a course can take the Online Math Placement Test (MPT) in order to demonstrate appropriate prerequisite knowledge. The Math Placement Test (MPT) is only available online. To register for the Online Mathematics Placement Test (MPT) please visit [http://www.uccs.edu/~math/student-resources/mpt.html](http://www.uccs.edu/~math/student-resources/mpt.html). If you have questions about the registration process for the Online Math Placement Test (MPT) please contact the Student Success Center at (719) 255-3260 or go to Main Hall 2nd Floor.

**Students are strongly encouraged to take the Online Math Placement Test (MPT) well before the start of the semester in order for the registration system to recognize your test score and allow you to register for your course. Math courses fill up quickly and if your score is not recorded in time, there may be no more open seats in your chosen section.**

**MATH 90/99 Students:** These courses are recommended for students who do not meet the prerequisites for Math 1040 College Algebra. Successful completion of MATH 99 Algebra I: Fundamentals of Algebra satisfies the prerequisite for MATH 1040 College Algebra. Please note that MATH 90 and MATH 99 do not count towards a BA or BS degree. To register for MATH 90 or MATH 99, enter your myUCCS student portal online and register as you would for a regular course. If you are looking for MATH 90 or MATH 99 in the Course Search function, remember to search under the "Colorado Springs Extended Studies" listings. You will have the option of adding yourself to a waitlist if your preferred section is full. More information about these courses can be found at [http://www.uccs.edu/lases/MATH-9099.html](http://www.uccs.edu/lases/MATH-9099.html).

**Combined Section ID:** 0307(SOC 3310/WEST 3310)
For admission to the nursing program as a Nursing major. This application would include the following: GPA of 3.0 or greater, Completion of a background check, and Completion of a Pre-Admission Exam.

The Pre-Admission Exam tests the course material the student has completed during the first level coursework. The admission committee will review all applicants at that time to determine who will be accepted as a nursing major. For students who are accepted as a nursing major, they will start their second year course work and continue to progress through the curriculum. For those students who are not selected for admission, they may change their major to another field of study, apply to another school or choose to apply the following semester. Students are only allowed to apply twice and will be considered along with all of the other students applying with no preferential consideration because they are seeking admission again.

Students entering as freshmen are able to complete the program in four years if a full academic load with successful completion of course work is maintained.

**TRANSFER STUDENTS**

Students who have attended a collegiate institution other than CU may apply as transfer students if they have completed 30 credit hours of transferable college level work. Applicants for the nursing program must have a cumulative GPA of 3.0 or better. Transfer students must be in good standing and eligible to return to all institutions previously attended. While transferability of credit is determined by the Admissions Office, final application to the degree program is determined by the College of Nursing and Health Sciences. Students who meet admission criteria are admitted into the Nursing program under Pre-Professional Nursing. Students who are admitted to the Program with a 3.0 GPA must maintain a 3.0 GPA. Once the first level course work is completed with a 3.0 GPA, they may apply for admission to the nursing program as a Nursing major. This application would include the following: GPA of 3.0 or greater, Completion of a background check, and Completion of a Pre-Admission Exam. The Pre-Admission Exam tests the course material the student has completed during the first level coursework. The admission committee will review all applicants at that time to determine who will be accepted as a nursing major. For students who are accepted as a nursing major, they will start their second year course work and continue to progress through the curriculum. For those students who are not selected for admission, they may change their major to another field of study, apply to another school or choose to apply the following semester. Students are only allowed to apply twice and will be considered along with all of the other students applying with no preferential consideration because they are seeking admission again.

**CONTINUING STUDENTS**

Once students have accepted an invitation for a clinical spot their status will be changed from Pre-Professional Nursing to Nursing. The nursing curriculum is a very structured program and must be adhered to in order. Second year courses must be successfully completed prior to progression of third year courses. Third year courses must be successfully completed prior to progression of fourth year courses. If an interruption of the sequencing of courses is necessary, students accept their Leave of Absence knowing that a possible delay in program completion may occur.

**RN TO BACHELOR OF SCIENCE IN NURSING PROGRAM**

A registered nurse with an associate degree or diploma can choose the RN to BSN curriculum option. Beth-El participates in the Colorado articulation plan which facilitates mobility from one educational program to another. Each student will have variations in the plan due to completion of course work prior to entering Beth-El or due to scheduling variation (full-time or part-time). RN students are advised to apply to the nursing program prior to completion of general education requirements. Include a copy of RN License with application and a letter from the clinical manager stating that the applicant has completed 1,000 clinical hours in the last 3 years. If the applicant is within 3 years of graduation, a letter is not necessary. This program is offered online. Pre-requisites are not necessarily offered online.
ACCELERATED BSN PROGRAM

Students who have completed a bachelor’s degree in a non-nursing field may be eligible to apply for the accelerated BSN program. The cumulative GPA must be at least 2.5 or higher and a passing score on the pre-admission assessment test in order to be considered for this program. All required general education, pre-requisite courses and degrees must be completed by the end of the fall semester of the application year. Contact the Accelerated Option Coordinator (719-255-4465) or the Nursing Advisor (719-255-3473) for specific information.

MASTER OF SCIENCE IN NURSING

The graduate nursing program at Beth-El builds upon and expands on the knowledge, values, and skills of the baccalaureate prepared nurse. Beth-El College of Nursing and Health Sciences offers a program of advanced study to become a Nurse Educator, or nurse practitioner. Graduate nursing courses prepare the student for advanced nursing practice. The student gains experience with research, health care policy, nursing theory and holistic practice. Nurse Practitioner specialty areas include Adult/Gero or Family. Master of Science in Nursing Education is also available.

A major goal of the graduate program is to prepare the graduate nurse to be an active participant in this country’s health care reform and to function as an advanced practice nurse in the evolving health care delivery system. The graduate of this program will be prepared to function in a variety of settings with collaboration skills which promote interaction with all members of the health care team.

DOCTORATE OF NURSING PRACTICE

The Doctorate of Nursing Practice (DNP) provides the course work and practice experience necessary for the highest level of clinical nursing practice. The DNP develops and builds upon the advanced practice roles of the nurse practitioner and clinical nurse specialist, expanding the leadership, policy, clinical nursing scholarship and practice expertise.

GRADUATE PROGRAM ADVISING

All graduate students must obtain their initial degree plan of study from the Director of the Graduate Nursing program. Any alterations in degree plan must be approved by the student’s academic advisor or director. Alterations may change date of graduation.

NOTICE: Graduate students are responsible for the content and policies of the Graduate Department Student Handbook from the Beth-El website: http://www.uccs.edu/bethel/current/studenthandbooks.html

GRADUATE NURSING ACADEMIC PROGRESSION

First grade less than B (less than 84%): A minimum grade of 84% or greater is required in all graduate coursework, including required courses, electives and transfer courses. A student who receives a grade below a B (less than 84%) may repeat that course with permission of the graduate director. The grade received in the repeated course will substitute for the original grade and only the latter grade will be used in calculating the graduate program grade point averages. However, all grades received appear on the student’s transcript and will be used in calculating the student’s university grade point average.

Two or more grades less than a B (less than 84%): If a student receives a second grade below a B (less than 84%), including the first which may have been repeated for a higher grade, dismissal from the graduate program will occur.

BACHELOR OF SCIENCE IN HEALTH SCIENCES

The Bachelor of Science in Health Care Science prepares the graduate for professional practice in health related settings. The program includes a foundation in general education as well as a broad understanding of health care delivery systems. It is possible to choose options within the program to develop advanced specialization in a specific or chosen discipline such as sport health and wellness promotion, or nutrition. An upper division bachelor degree completion option is available for students in allied health disciplines with associates degrees or certificates in Paramedicine, Radiation Technology, Dental Hygiene, Respiratory Therapy, etc.

UNDERGRADUATE
To be in good standing, undergraduate students must have an overall grade point average of not less than 2.0 (C=2.0) for all course work attempted with no grade below a C- counting toward the degree. In addition, undergraduate nursing students must receive a 74% (C) in all required nursing and health science courses. Undergraduate health care science students must receive no less than 70% (C-) in all required health science and option courses. Two failures of any required nursing and/ or health sciences core and specialty courses of two credits or greater will result in dismissal from the College. Students may petition in writing to the department chair for readmission to the College within 30 calendar days. Dismissal from the Nursing or Health Care Science program does not imply dismissal from the University of Colorado. Exceptions to this policy are only given by the Chairs of the Undergraduate Departments.

INCOMPLETE GRADES
Grades of incomplete (I) will be given only when there are clearly extenuating circumstances preventing a student from completing a course before the last day of the semester. Incomplete grades must be completed within one calendar year. Incomplete grades are not appropriate for students who have never attended or stopped going to class, are failing or are otherwise too busy to complete the work on time, or do not appear for the final exam.

SCHOOL OF PUBLIC AFFAIRS

Academic Advisors for the bachelor's degree in Criminal Justice are located in the Student Success Center, Main Hall, Second Floor, 719-255-3260. Academic Advisors for graduate programs are located in Dwire Hall, Room 118 and 356.

UNDERGRADUATE ADMISSION

Candidates for regular admission to the Bachelor of Arts in Criminal Justice program are expected to meet the general requirements for undergraduate admission to the University, as described in the General Information section herein. The Catalog that governs a student's graduation requirements is the one in effect at the time of a student's most recent admission into the school/college of the student's degree program.

BACHELOR OF ARTS IN CRIMINAL JUSTICE (BACJ)

The BACJ program utilizes an interdisciplinary approach to capture both the academic liberal arts emphasis and professional and policy knowledge required to educate criminal justice professionals.

REQUIREMENTS FOR THE BACJ DEGREE

General Requirements

Students completing a BACJ at UCCS will complete a minimum of 120 credit hours, including the 39 credit hours of Criminal Justice courses (with a 4-credit hour Internship), 25 credit hours of auxiliary courses, 29 credit hours of general education courses and 27 hours of general electives. Students may utilize their major elective courses for a concentration in one of the following areas: 1) Corrections; 2) Family Violence; 3) Forensic Studies; 4) Law; 5) Law Enforcement, and 6) Public Policy. Students can meet with the Criminal Justice academic advisor in the Student Success Center for more information.

Required Coursework

Criminal Justice Major Courses:
- CJ 2041 Crime Theory and Causes
- CJ 3100 Criminal Justice Research Methods
- CJ 3150 Statistics for Criminal Justice
- CJ 3250 Violence in Society
- CJ 4042 Corrections
- CJ 4043 Law Enforcement
- CJ 4044 Courts and Judicial Process
- CJ 4121 Ethics in Criminal Justice
- CJ 4960 Internship in Criminal Justice
- 6-10 Elective credits in Criminal Justice

MINOR IN CRIMINAL JUSTICE

A minor in Criminal Justice requires 18 hours in Criminal Justice and includes the following courses:

REQUIRED
- CJ 1001 Introduction to Criminal Justice
- CJ 2041 Crime Theory and Causes

ELECTIVES
At least two of the following:
- CJ 3250 Violence in Society
- CJ 4042 Corrections
- CJ 4043 Law Enforcement
- CJ 4044 Courts and Judicial Process
- CJ 4121 Ethics in Criminal Justice
- Plus two additional elective courses in Criminal Justice, one of which must be upper division.

A minimum of 9 hours of upper-division C J courses are required for a minor in criminal justice. Students must earn a grade of C or better in each course required for the minor. Minor requirements may not be taken pass/fail. No more than 9 credit hours, including 6 upper-division credit hours, of transfer work may count toward the minor in criminal justice.

GENERAL INFORMATION

COURSE LOAD

The minimum full-time course load is 12 hours. The normal maximum is 18 hours. If a student wishes to take more than 18 hours per semester, special permission must be obtained from the Criminal Justice director in Dwire Hall 356. These totals include all courses taken for credit at any of the university's three campuses but do not include correspondence courses, noncredit courses, or courses taken at other institutions. To receive credit, the student must be officially registered for each course. Students who hold or expect to hold full- or part-time employment while enrolled in the school must register for course loads they can expect to complete without unusual difficulty.

GRADING POLICIES

Students should familiarize themselves with the General Information section of the UCCS Catalog, as well as with the introductory pages of each semester's official Schedule of Courses, for information about the university grading system and the current procedures for registering on a pass/fail basis, for dropping and adding classes, and for withdrawing from the university.

ACADEMIC ADVISING

Students are expected to assume responsibility for planning their academic programs in accordance with school rules, policies and major requirements. Advisors in the Student Success Center can answer questions about school policies and graduation requirements and will assist students in course selection. Students expecting to graduate within one or two semesters should schedule a senior advising appointment by calling 719-255-3260 or by going to the Student Success Center.

ACADEMIC SUSPENSION

The normal suspension period for students in the School of Public Affairs is one academic year. Suspended students will be reinstated after the normal suspension period has been served, upon reapplying for admission to the university. Suspended students may not be reinstated before the end of the normal suspension period. Requests for reinstatement must be made in writing. A more comprehensive statement on the academic suspension policy is available in the Student Success Center in Main Hall.

INDEPENDENT STUDY

Students who have completed a considerable portion of their undergraduate studies with distinction may register for independent study with the approval of the BACJ Director. The amount of credit to be given for an independent study project shall be arranged with the instructor. Not more than eight hours of independent study may be credited toward the major, and not more than 16 hours toward the bachelor's degree. No student may register for more than eight hours of independent study in any one term (summer, fall, or spring).
SCHOOL OF PUBLIC AFFAIRS

MASTER’S PROGRAMS

Students entering the School of Public Affairs (SPA) may pursue the Master of Public Administration (MPA) degree or the Master of Criminal Justice (MCJ) degree. In addition, SPA offers six graduate certificate programs, each requiring twelve semester hours of coursework. The graduate certificate programs offered through the School of Public Affairs include the Graduate Certificate in Public Management, Graduate Certificate in Nonprofit Management, Graduate Certificate in Nonprofit Fund Development, Graduate Certificate in Criminal Justice, Graduate Certificate in Homeland Defense, and the Graduate Certificate in Security Intelligence.

PROGRAM REQUIREMENTS

Core Courses: Students pursuing the MPA complete six core courses. Those courses are PAD 5001 Introduction to Public Administration and Public Service; PAD 5002 Organizational Management and Behavior; PAD 5003 Research and Analytic Methods; PAD 5004 Economics and Public Finance; PAD 5005 The Policy Process and Democracy; and PAD 5006 Ethics and Leadership.

Students are expected to complete PAD 5001 within their first two semesters of enrollment.

The MCJ degree consists of four core courses (CJ 5001 CJ Systems, Policy and Practice; CJ 5002 Criminological Theory; CJ 5005 Law and Society; CJ 5321 Research Methods in Criminal Justice), seven electives and successful completion of the Capstone Seminar.

Electives: MPA students complete five electives, and MCJ students complete seven electives, selected from a wide range of offerings including a mixture of specialized courses, workshops and other formats. Some are explicitly designed for public managers and some for nonprofit managers, but many others are appropriate to those working in either sector.

CAPSTONE REQUIREMENTS

Capstone Seminar or Thesis: All graduate students are required to complete the Capstone Seminar or write a thesis.

In the Capstone Seminar, students work with a client in a public or nonprofit agency to identify a problem; and then, using the knowledge and skills they have gained in the program, carry out a project and write a paper to address the problem. The principle of the course is that it provides students with an opportunity to integrate what they have learned and apply their knowledge and skills to a real-world problem.

The Capstone Seminar is taken during the last semester of the student’s degree program. All core courses must be completed before taking the Capstone Seminar.

The thesis option is available in lieu of the Capstone Seminar for students who have an interest in pursuing a topic in-depth or who are planning to pursue a career in research or academia. The thesis requires six semester hours of credit that normally spans two semesters.

Thesis students typically conduct a comprehensive review of the theoretical and research literature in the subject area of their thesis and collect original data or analyze existing data in new ways. Minimum eligibility requirements apply; check the UCCS Catalog for more information.

UNCLASSIFIED STUDENT STATUS

While your application to SPA is being assembled and pending the decision of the Admission Committee, prospective graduate students may take up to 12 semester hours of SPA coursework as an unclassified/non-degree student. Unless prior written approval is obtained from the Dean, coursework in excess of 12 semester hours as an unclassified student will not be applied toward the MPA or MCJ degree.

STANDARDS OF PERFORMANCE

To be in good standing, students must have an overall grade point average of 3.0 or better in all course work. A grade of B- or better is required in all core and Capstone classes. The academic performance of each student will be reviewed at the end of each semester. A student who has a grade point average less than 3.0 will, at the Dean’s discretion, be placed on probation or suspension. Nondegree students who do not maintain a 3.0 grade point average may not be allowed to enroll in SPA courses. See the UCCS Catalog for more detailed information.

TRANSFER OF CREDIT

Up to nine semester hours of appropriate graduate work from an accredited college or university may be credited toward the master’s degree. Courses to be transferred should have been taken within five years of the request for transfer of credit. All transfer work must be approved in writing by the Dean.

INTERNSHIP

Students without significant public or nonprofit sector professional work experience (or, for the MCJ program, criminal justice experience) must enroll for a 3 credit hour internship as part of the graduation requirement. These credits are in addition to the 36 semester hour requirement in the MPA program and are part of the 36 hours in the MCJ program. Interns will not be placed until core courses and certain elective courses are completed. Students arranging their own internships must see the Internship Coordinator before committing to the placement.

GRADUATING STUDENTS

All students graduating from the MPA or MCJ program must notify the SPA office prior to the semester in which they intend to graduate. All students must complete a diploma card and an application for admission to candidacy before the start of the semester.

ONLINE CLASSES AND FEES

SPA students are welcome to enroll in online courses. Online courses are web-based versions of the same courses offered on campus. Online courses are not self-paced; they usually follow the regular semester schedule, but there is usually no set time that students need to be online. There is a $100 instruction fee for each online course. No portion of the $100 online instruction fee will be refunded after census date, regardless of reason or date initiated.

Class information will be sent to your UCCS email account. For information on how to access your account, call the IT helpdesk at 719-255-3536 or access http://www.uccs.edu/~helpdesk/.

SHORT COURSE INFORMATION

Short Course Refund Deadlines:
Courses that meet less than 16 weeks during the fall and spring terms or 8 weeks during the summer have special refund deadlines. The deadlines for dropping short courses (or withdrawing for the term when only enrolled in a short course) without financial penalty are based upon the length of the course. See pages 11 and 12 for details regarding drops and withdrawals. If you have questions, please contact the Records Office at 719-255-3361 or email admrec@uccs.edu.

To find specific course deadlines, log into your myUCCS Portal, locate your classes under “academics” and click on the “deadlines” icon to the left of the class. Another window will open with the deadline information. It can also be found when you click on “My Class Schedule” for each course.

Full-time/Part-time Definition

1. A full-time undergraduate degree student is one who is enrolled for at least 12 credit hours. Undergraduate degree students are considered part-time when they are enrolled for fewer than the hours described above. Undergraduates enrolled 6-11 hours are considered half-time. These criteria also apply to all unclassified (non-degree) students.

2. A full-time graduate student is one who is enrolled for 5 semester hours of graduate level course work, or at least 8 semester hours in a combination of undergraduate/graduate course work acceptable for graduate credit, or any number of thesis hours.

3. Unclassified (non-degree) students with a degree seeking student loan deferment must be enrolled for 12 semester hours to be considered full-time or 6-11 hours to be considered half-time.
It is the policy of the University of Colorado Colorado Springs to adhere to the final examination schedule as published in the Schedule of Courses each semester. While it may be appropriate not to give a final in some cases such as laboratory courses, seminars, and colloquia, final examinations should be given in all other undergraduate courses.

Exceptions to this policy should be agreed upon by the faculty member and the chair of the department no later than the beginning of the semester in which an exception is requested. The resulting decision should be announced in writing to students in the class during the first week of classes.

In addition to the principles stated above, the following guidelines should be followed by all faculty members and administrators in order to assure fairness and the best possible education experience for students:

1. The scheduled final examination period should be considered an important part of the course and used as a final examination period or additional instruction.

2. The final examination in a course should be given as scheduled and not at other times even if the faculty member and all students in a course agree to such a change.

3. The week of classes preceding the scheduled final examination period should be used primarily for continued instruction and may include the introduction of new material. No hourly examinations are to be given during the week preceding final examinations.

4. Individual students may be granted a variance from these policies provided the instructor is satisfied that (a) the exception is based on good and sufficient reasons (such as religious observances) and (b) such an exception for an early or late examination will not prejudice the interests of other students in the course.

5. When students have three or more examinations on the same day, they will be entitled to arrange an alternative examination time for the 1st exam or exams scheduled on that day. Such arrangements must be made no later than the end of the 10th week of the semester (i.e. at the end of the drop period). Students will be expected to provide evidence that they have three or more examinations in order to qualify for exceptions.

6. This policy applies to all undergraduate students, including seniors. Graduating seniors should not be exempt from final examinations. Such exemptions are inappropriate on both procedural and academic grounds.

You need this information if you are an undergraduate student classified for tuition purposes as a Colorado resident.

Please take the time to figure out how COF applies to you, and how to work with the College Opportunity Fund (COF)!

1. **You MUST Apply** once in your lifetime to College Assist to create a COF Account. Apply online at: [http://cof.college-assist.org/](http://cof.college-assist.org/). Click on Schools then College Opportunity Fund.

2. **Authorize the use of COF when you Register for classes.** If you authorize, all COF eligible hours will receive a COF per credit reduction on your tuition and fee bill. If you don’t authorize, you’ll have to pay the full tuition for all courses, without the COF voucher credit.

3. **Important Information Concerning COF and Registration.** Courses added after the close of registration drop/add period (census date) are not eligible for COF funding and will not count against the COF lifetime hours. Students will be required to pay full tuition, including the COF portion, for these courses. Courses dropped or withdrawals from school occurring after census date will result in the loss of COF eligible hours. These changes are based upon Colorado Commission on Higher Education (CCHE) policy.

4. **Understand How Eligible COF Hours Will be Determined.**
   Everyone at the undergraduate level begins this program with 145 COF lifetime hours. **Students who were enrolled in fall 2004 or spring 2005** at any COF participating institution in Colorado have a class level set by data submitted to the CCHE. This class level results in a “remaining hours balance available” as follows:
   - Freshman: 145 COF hours remaining
   - Sophomore: 115 COF hours remaining
   - Junior: 85 COF hours remaining
   - Senior: 55 COF hours remaining

   COF lifetime hours, hours used, and hours available are updated each night from the College Assist data base. CU turns in your CU hours to College Assist twice a term – once at the end of the drop/add period, and again at the end of the term.

   COF lifetime hours available or used can be found on the College Assist website. You should check your balance at least twice each term – after drop/add ends; and at the end of the term. You can go either to the Student Self-Service Center’s registration web page; or to the College Assist account that you created when you applied for COF.
5. Know what the tuition rate will be for the upcoming academic year, and what the COF voucher per credit hour will be. This information will generally be available in early June and will be published to the campus home page at www.uccs.edu. Both of these rates, along with the hours that you decide to take, will determine your tuition and fees.

Each time you drop and add a course before the end of the drop/add deadline, your bill will be adjusted, because COF is calculated on a per credit hour basis. So, if you begin registering for 15 COF eligible hours, drop 3, and add 2, your COF voucher will adjust each time, but will finally reflect 14 total COF eligible hours.

6. Know how decisions about courses and your degree program are impacted by COF.

- You have a lifetime limit of 145 COF eligible hours to complete an undergraduate degree. Any hours above the 145 COF credit hour limit will be charged at the full tuition rate, without a COF voucher credit.
- If you change majors or decide on a dual degree program later in your academic career, you could run out of COF hours.
- If you decide to take a course through Continuing Education or Extended Studies, those courses will not be covered by COF because those courses are not currently subsidized by the State of Colorado.
- COF hours are used whether or not you successfully complete a course during a term – so hours failed, or retaken, are counted against your COF lifetime balance. Courses dropped or withdrawals which occur after census date count against your COF lifetime total hours. Courses added after the term census date are not eligible for COF. You will have to pay the full tuition, including the COF portion, but the hours will not count against COF lifetime hours.

**COURSE NUMBERING SYSTEM**

The course number is comprised of a subject abbreviation, a course number, and a section number. The subject is an abbreviation for the department offering the course. The course number consists of 4 digits. The first digit indicates in a general way the class level of the course: “1000” courses are primarily for freshmen; “2000” for sophomores; “3000” courses for juniors; “4000” for seniors; and “5000” and “6000” for graduate students.

**LEVEL OF COURSE NUMBERED 9000-9980:**

- 9000-9290, Lower Division, Undergraduate
- 9300-9490, Upper Division, Undergraduate
- 9500-9590, Graduate, Level 1
- 9600-9790, Graduate, Level 2

USE IT. DON’T LOSE IT.

Have you applied for the College Opportunity Fund?

What is the College Opportunity Fund?
In fall 2005, the state of Colorado began providing direct funding to undergraduate resident students through the College Opportunity Fund or “COF.” This program is also known as “vouchers” or “stipends.” COF vouchers will be applied to an eligible student’s university bill, provided that the student has applied for COF and then authorized the use of the voucher each term of registration.

Where can I get additional information?
http://www.cu.edu/ums/cof/faq.html

How can I make sure that the COF process works smoothly for me?
Apply to College Assist to create your COF account. This needs to be done only once in your lifetime. New students should apply by August 26, 2013, to best help us provide better service during the registration and billing process for fall 2013.

Where can I Authorize COF?
Go to your student portal. Click the orange “Access Student Self Services” button. Under the “academics” section, click the blue link that says “COF Authorization/Review.” Authorize for lifetime or by term.

The voucher will appear on your tuition and fee bill, reducing your tuition, IF you have applied for it and authorized its allocation for that term. (The tuition reduction will vary each term depending on the number of COF eligible credits registered for.)
