I. INTRODUCTION

A. PROJECT DESCRIPTION

This project is new construction on undeveloped property for an approximately 33,000 gsf classroom, office and health facility. It will be located on the UCCS campus in the area known as University Summit. The project will also include site analysis, site development and utility extensions to the site. A Program Plan is being developed but is not available at this time. However, it is anticipated that the facility will house the UCCS Psychology department, UCCS Aging Center and potentially, in partnership, Peak Vista Community Health Center.

NOTE: This project is contingent upon receiving funding from an NIH grant.

The University of Colorado at Colorado Springs anticipates using a Construction Manager/General Contractor (CM/GC) approach to project delivery. Through the use of an Architect and a Construction Manager/General Contractor, a Guaranteed Maximum Price (GMP) will be established in conjunction with the University of Colorado at Colorado Springs. The CM/GC will evaluate, among other things, availability of materials and labor, project schedule, project costs as they relate to the established budget, and constructibility, and will work with the Architect throughout the value engineering phases of the project. The selection process for the CM/GC will begin following the selection of the Architect.

B. SELECTION PROCESS

The selection of an architect/engineer/consultant will be conducted in accordance with the Colorado Revised Statutes, 24-30-1401 et. seq. The process will involve two stages: submittals will be screened and scored. A limited number of firms will be short listed and invited to participate in oral interviews. The University of Colorado at Colorado Springs will attempt to negotiate a contract with the highest ranked firm following the interview segment. Following is additional information relative to the selection process:

1. Pre-submittal Conference: To ensure sufficient information is available to firms preparing submittals, a mandatory pre-submittal conference has been scheduled. The intent of this conference is to tour the site and to have [agency/institution] staff available to discuss the project. Firms preparing submittals must attend and sign-in in order to have their submittals accepted. The pre-submittal conference will be held at:

   University of Colorado at Colorado Springs, University Center
   Room 116
   April 10, 2009 at 2:00 pm

2. Architect/Engineer/Consultant’s Submittals: Specific requirements for submittals and scoring criteria are detailed in II. SUBMITTAL REQUIREMENTS.
In order to facilitate review, four (4) copies of submittals must be provided. Submittals must be received at:

UCCS
Campus Services Bldg
1420 Austin Bluffs Parkway
Colorado Springs CO80918

Deadline for receipt (whether mailed or hand delivered) is:
April 17, 2009 2:00 pm

Late submittals will be rejected without consideration. The University of Colorado at Colorado Springs and the State of Colorado assume no responsibility for costs related to the preparation of submittals.

3. **Screening Panel/Short List:** Submittals will be evaluated by a panel of individuals selected in accordance with state policies. The panel will review and score the submittals. Firms ranked the highest will be invited to an oral interview. It is anticipated no fewer than three (3) will be interviewed.

4. **Oral Interviews.** It is anticipated that oral interviews will be conducted during the week of 04/27/09. Interviews will be conducted at: The University of Colorado at Colorado Springs 1420 Austin Bluffs Parkway, Colorado Springs CO 80918. The time for interviews is to be determined. Key personnel from the firm and major consultants who will be directly involved with the project should attend the interview. The interview panel will, in particular, be interested in knowing about the project approach proposed and in meeting the individuals who will act as the primary contacts with the University of Colorado at Colorado Springs.
