All UCCS private loan borrowers are required to complete private student loan entrance counseling. This must be done before the financial aid office will complete the certification request. Here’s how to do it:

1. **GO TO** www.mappingyourfuture.org.

2. **SELECT** “Complete Online Counseling.”

3. **CLICK** “Private Loan” option at the bottom of the page, under “Other Counseling.”

4. **COMPLETE** the counseling. It usually takes between 20-30 minutes to complete the counseling.

The financial aid office will receive notification once you have successfully completed this requirement within 2-3 business days. Once received, a loan certification will be sent to your lender within 3-5 business days.
