## Six Year Graduation Rates per Plan

Last updated: 2/3/2017

Notes: Sorted by CIP Code. Cohorts are first-time full-time degree-seeking undergraduates (freshmen) who started in the Fall or were enrolled in the Fall and started in the preceding Summer. The cohorts shown here are the official cohorts used for IPEDS reporting. The **size of the cohort is in parentheses** while the percentage reflects the number of students in the cohort who earned a baccalaureate degree within six years. For example, 45.2% of 31 Communication students graduated in six years. The program reflects the **program in the student's first term**, not the program from which s/he graduated. Programs are listed even if there were no students in the cohort who were enrolled in the program.

Last updated: 2/3/2017

Notes: Sorted by CIP Code. Cohorts are first-time full-time degree-seeking undergraduates (freshmen) who started in the Fall or were enrolled in the Fall and started in the preceding Summer. The cohorts shown here are the official cohorts used for IPEDS reporting. The **size of the cohort** is in parentheses while the percentage reflects the number of students in the cohort who did not graduate from UCCS and were known to have enrolled at another institution after leaving UCCS. Their subsequent enrollment is verified through the National Student Clearinghouse. The program reflects the program in the student's first term.
