Welcome to the Kraemer Family Library, a place that supports the teaching, research, and service missions of the University of Colorado Colorado Springs.

I invite you to become more aware of the many ways the Library supports the University’s educational goals and the student learning outcomes – quite often in non-traditional and unexpected ways. In a time of rapid change, the Kraemer Family Library stands at the center of intellectual life at UCCS. We are committed to promoting an open atmosphere of scholarly inquiry conducive to the exchange of ideas and the creation of knowledge.

The Kraemer Family Library faculty and staff strive to structure our services to help all faculty and students succeed as teachers and learners. We are constantly working to enable UCCS students to “Reach Higher.”
