Welcome to the Mountain Lion Family

Dear students and families,

On behalf of the Division of Student Success and the entire University of Colorado Colorado Springs (UCCS) community, I’d like to welcome you to the Mountain Lion Family. As you know, UCCS is a premiere institution with outstanding faculty and staff who are committed to achieving our mission and vision of providing an outstanding, transformative, academically rigorous, and life-enriching educational experience. We are delighted that you have chosen UCCS.

It is my honor and privilege to serve UCCS and I’m equally honored to have the responsibility of providing UCCS students, parents, and families meaningful, memorable, and life-long rewarding experiences. These experiences are intentional and strategically designed to complement students’ overall academic success and help students and their families develop a sense of belonging and connection to UCCS.

The Division of Student Success works diligently to promote out-of-class learning experiences that reflect critical thinking, leadership development, academic excellence, service to others, global and multicultural engagement, and integrity. At the very core, students are challenged to be responsible and accountable while working collaboratively with faculty, staff, students, and alumni to achieve their goals and aspirations. We will achieve success together.

Again, welcome to the UCCS family. Please do not hesitate to reach out to me with any questions or concerns at sentwali.bakari@uccs.edu. I look forward to seeing you at many UCCS events and programs. Go Mountain Lions!

Respectfully,

Dr. Sentwali Bakari
Vice Chancellor, Student Success
Family Educational Rights and Privacy Act (FERPA)

The **Family Educational Rights and Privacy Act** of 1974 (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA deals specifically with the education records of students, affording them certain rights with respect to those records. For purposes of definition, education records are those records which are:

- Directly related to a student and maintained by an institution or a party acting for the institution.

FERPA gives students who reach the age of 18, or who attend a post-secondary institution, the right to inspect and review their own education records. Furthermore, the right to request amendment of records and to have some control over the disclosure of personally identifiable information from these records shifts from the parent to the student at this time.

FERPA applies to the education records of persons who are or have been in attendance in post-secondary institutions, including students in cooperative and correspondence study programs, video conference, satellite, internet or other electronic forms. FERPA does not apply to records of applicants for admission who are denied acceptance or, if accepted, do not attend an institution.

For more information regarding FERPA, contact the UCCS Office of the Registrar (registrar@uccs.edu or 719-255-3361). Additional information can also be found on the U.S. Department of Education website.

Four pathways to **student information**...

**FERPA Consent to Release**

[www.uccs.edu/registrar/ferpa-consent-to-release.html](http://www.uccs.edu/registrar/ferpa-consent-to-release.html)

Students may complete a FERPA Consent to Release to allow specified individuals to inquire about and discuss education records (academic and/or financial) with a university official.

*The FERPA Consent to Release does not grant access to the student’s portal, give authorized payer access, nor does it give access to medical records or information.*

**Authorized Payer**

Students set up through their myUCCS portal

An online option for guests to view and pay a student’s bill. The student will create a Quikpay account for the guest with a username and password.

*An authorized payer account only gives guests the ability to view and pay the student’s bill online. To discuss financial information with a university official, the student must complete the FERPA Consent to Release.*

**CU Guest Access**

[www.uccs.edu/registrar/cu-guest-access.html](http://www.uccs.edu/registrar/cu-guest-access.html)

Students may authorize an online option for guests to view specific aspects of a student’s academic education record (final grades, class schedule, advisor information).

*CU Guest Access requires the guest to have a social media account with Facebook, Google, or LinkedIn.

*CU Guest Access does not authorize a guest to contact the university to request or discuss a student’s education (academic or financial) record.*

**Health & Mental Health Records**

Student reviews release form at each visit

All health and mental health records are considered private under Colorado state law. If a student wishes for any information from these records to be shared, the student must fill out a medical release form in the Wellness Center at the time of visit or following the visit. Release forms may not be completed prior to a student being seen.

*This release form is not the same as the FERPA Consent to Release.*
Compass Curriculum

The Compass Curriculum, for all majors and all colleges, provides students with the tools for professional and personal success. All parts of the program incorporate the skills employers say they want students to have from their education (critical thinking, oral and written communication, ethics, innovation, problem-solving, understanding inclusiveness, and sustainability).

YEAR ONE: Gateway
The Gateway Program Seminar (GPS) introduces students to UCCS and helps build academic skills for success. Students who take this course are more successful in college.

YEAR TWO: Explore (Three Courses)
Explore courses provide students with a breadth of knowledge from courses about the physical and natural world; arts, culture, and humanities; and society, behavior, and health.

YEAR THREE: Navigate
The Navigate course is taken during the junior year and is an interdisciplinary, knowledge-in-action course that provides students with opportunities to apply academic knowledge to real world endeavors.

SENIOR YEAR: Summit
The Summit is a course or experience that is completed in the senior year and within the major. It is the culmination of students’ experiences and draws upon the knowledge and skills students have built both inside and outside of the major.

Gateway Program Seminar

The Gateway Program Seminar (GPS) introduces freshmen to UCCS, provides the opportunity to explore an interdisciplinary topic and helps students build or enhance effective academic and interpersonal skills to be successful in college.

Fall Start Up Days
August 17th and 18th
*Mandatory for all students enrolled in GPS 1010
Tips for Academic Success

Get to know professors

Professors care about student success and are one of their greatest resources. Students should get to know professors early each semester, visit them during office hours to ask questions, and find a professor to serve as a mentor.

Partner with Academic Advising

Academic Advisors are here to serve as a guide through a student’s college career. Advisors will discuss education, career, and life goals and connect students with campus resources. Advisors will develop an academic plan to help students keep on track with their degree.

Enhance study skills

The Office of First Year Experience offers a variety of group workshops and individual meetings to develop academic skills. Topics include time management, note-taking, test-taking, how to study efficiently, and more.

Succeed with the Excel Centers

The five Excel Centers - Communication Center, Languages and Social Sciences Center, Mathematics Center, Science Center, and Writing Center - offer a welcoming environment to study, get help with coursework, or relax. Students who use the Excel Centers earn higher grades.

Utilize library resources

The Kraemer Family Library is the place to go for research assistance: librarians can answer questions in person, on the phone, or by email/chat/text. The library also has 26 group study rooms and over 200 computer workstations for student use.

Connect with the Career Center

The Career Center assists students with exploring career options, preparing for the future, and achieving career goals. This includes degree exploration, resume revisions, interview preparation, internships, career searching, and a variety of other career related goals.

Set up and use accommodations

Disability Services provides reasonable accommodations and support to meet the individual needs of students with disabilities. Contact Disability Services prior to the beginning of the semester to schedule an intake appointment to discuss possible accommodations.

Maintain educational records

The Office of the Registrar maintains and updates student academic records. They assist students with name changes, UCCS transcript orders, enrollment verification, FERPA Consent to Release, residency and in-state tuition eligibility, add/drop and withdrawal policies and procedures, and course deadlines.

Things to know about UCCS billing

- Everything students need to know about their bill can be found in myUCCS portal (www.uccs.edu/portal).
  Parents, family, and friends do not have access to their student’s myUCCS portal.

- Only the student, and anyone that the student sets up as an authorized payer, may view and pay the bill.
  Students may add an authorized payer through their myUCCS portal. Authorized payers may view/pay bills through QuikPay (accessible at www.uccs.edu/bursar).

- UCCS is a paperless billing campus.
  Students receive an email to their UCCS email account when eBills are posted.

- Payment plans are available.
  Payment plans are available, but students must sign up for a payment plan prior to census date (the tuition due date). There is a $40 service fee to enroll in a payment plan.

Student Financials (Bursar)

- **Estimate Bill:** This handy tool helps students estimate their total UCCS bill. Please keep in mind that this is an estimate and not the actual bill. Note: Student status is not based on how many years or semesters a student has been in school, but is based on completed credit hours.

- **Pay Bill:** UCCS accepts all major credit cards and eChecks if paying online. If paying with a credit/debit card, there is a 2.75% service fee.

- **View Balance:** Allows students to view their balance and billing details.

- **Authorize Others to View and Pay Bill:** Allows students to add a person (such as a parent or family member) to view and pay their bill.

- **Authorize Direct Deposit:** In order to receive their refund more quickly, students should set up direct deposit to their bank account.

- **Authorize COF:** Eligible Colorado residents need to authorize COF (Colorado Opportunity Fund) to receive the COF stipend. To do this students complete the COF application (cof.college-assist.org) and then authorize COF through their myUCCS portal.

- **Enroll in Payment Plan:** Setting up a payment plan can make it easier to pay the bill. There are three pay- and four pay- payment plans. Payment plans must be set up prior to census date.

- **View 1098-T:** Students can view and print current and previous year 1098-T tax documents. Each year this information is available in the student’s myUCCS portal by January 31.

Steps to setting up and receiving financial aid

1. **Apply for financial aid**
   - Complete the Free Application for Federal Student Aid (FAFSA) every year at [www.fafsa.gov](http://www.fafsa.gov)
   - UCCS Federal School Code: 004509
   - Apply for UCCS Scholarships at [www.uccs.edu/scholarships](http://www.uccs.edu/scholarships) beginning December 1 for the next academic year.

2. **Review “to-do” list**
   - Students need to review their “to do” list in their myUCCS portal to review documents requested by the Financial Aid office, as well as other campus offices. Financial aid awards will be made once all items have been received by the Financial Aid office.

3. **Enroll in classes**
   - Students must be enrolled in classes to receive financial aid. Students are initially awarded as a full-time student. Some awards may be reduced if the student is not enrolled full-time. For federal loans, students must be enrolled at least half-time. A waitlisted class does not count as an enrolled class. Verification of enrollment will happen each semester 10 days before the start of classes and again at census date. To be considered a full-time student, students must be enrolled in at least 12 credit hours.

4. **View, accept, reduce, and/or decline awards**
   - Log in to myUCCS portal and click on the Financial Aid tab to view, accept, reduce, and/or decline awards.

5. **Receive financial aid disbursement**
   - Disbursement is the actual payment of financial monies toward the bill. Disbursement of financial aid monies to UCCS occurs no earlier than 10 days prior to the first day of the semester. In order to receive financial aid disbursement, the UCCS Financial Aid office must have received all requested documents (check the “to-do” list in myUCCS portal) and students must be enrolled in the proper amount of courses for that financial aid award.

6. **Maintain satisfactory academic progress**
   - Students are required to maintain satisfactory academic progress toward their degree if receiving financial aid. For more information about Satisfactory Academic Progress (SAP) policy, visit: [www.uccs.edu/finaid/policies/sap.html](http://www.uccs.edu/finaid/policies/sap.html).

**Minimum Requirements for UCCS Students**

- **Undergraduates**
  - 2.0 cumulative GPA
  - 67% completion rate
- **Graduates**
  - 3.0 cumulative GPA
  - 67% completion rate

**Questions regarding financial aid documents may be directed to the UCCS Financial Aid office.**

Student Life and Leadership

The Student Life and Leadership Office (SLL), located on the first level of the University Center, is the doorway to campus life. Involvement in sponsored activities provides for personal growth, leadership development, lifelong friendships, chances to develop new skills, and opportunities to have fun. Visit Mountain Lion Connect (https://orgsync.com/login/university-of-colorado-colorado-springs) for a complete list of events and student organizations. The SLL office serves as an administrative hub for the following areas:

Office of Student Activities (OSA): The Office of Student Activities (OSA) provides over 200 events and service opportunities per year including traditional programs like Disorientation Week, Homecoming, Roar Daze, concerts, speakers, and educational programs for the campus community.

Student Government Association (SGA): The Student Government Association is a student-led organization, representing and advocating for all UCCS students. They promote the overall welfare of the student body through advocacy and opportunities for student engagement.

Student Clubs and Organizations: With over 170 student-led clubs and organizations, there are a variety of ways to get involved on campus, meet people, and develop leadership skills. Students interested in media can work with the Scribe Student Newspaper or the UCCS Radio Station. From Greek Life, to any number of interest groups, there is an option for everyone.

Students who get involved in just ONE activity on campus are more likely to graduate from college. Join one club or one organization. Go to one type of event regularly. Work one on-campus job. Get to know one professor well. Get involved and get connected in ONE.
# Mountain Lion Athletics

UCCS has 16 athletic teams that compete within the Rocky Mountain Athletic Conference of NCAA Division II. All home games are FREE for UCCS students with a valid ID, and parking is FREE in campus lots near the venues when games are in action. Up-to-date information regarding schedules, game locations, rosters and multimedia (including live broadcasts) can be found at GoMountainLions.com and through social media on Facebook, Twitter, and Instagram.

## Clyde’s Rewards
At every sporting event, students will be asked to swipe in using their Student ID. The more events a student attends, the more points they receive and the more prizes they could win including: lanyards, t-shirts, hoodies, headphones, and even a customized UCCS jersey.

# Office of Veteran and Military Student Affairs (OVMSA)

The OVMSA assists veterans and family members with VA education benefits. The office is located in the McCord-Herbst Student Veteran Center. Modeled after the United Service Organization (USO), the center hosts a menu of support services and study areas. OVMSA staff are ready to help veterans, active-duty military, and their families reach their goals.

# Student Veterans Organization (SVO)

The SVO seeks to promote success of student veterans through service, leadership, and scholarship on campus and in the community. Visit the SVO webpage at www.uccs.edu/military to learn more about the SVO and become a member.

# Global Engagement Office (GEO)

# Multicultural Office for Student Access, Inclusiveness, and Community (MOSAIC)

MOSAIC welcomes, supports and provides advocacy for all UCCS students, with an emphasis on supporting students from underrepresented and underserved populations. MOSAIC is a safe place that encourages and nurtures connections across social identity, culture, ethnicity, international status, and LGBTQ identities. MOSAIC provides programs and events that celebrate and promote campus diversity, awareness, and leadership.
Public Safety
UCCS has a fully operational police force staffed on campus. This department responds to student emergencies. It is also responsible for posting yearly statistics about crime and security on campus. To see all of the services offered, report a crime, or see the yearly statistics, visit: www.uccs.edu/pusafety.

Dean of Students
The Office of the Dean of Students (DOS) strives to establish an ethic of care through its preventative, behavioral, and accountability practices. This office maintains and administers the University Student Code of Conduct, serves as a student advocate, and provides assistance to students in crisis. This office assists students by supporting opportunities and directing services and programs that enhance and enrich success.

Students may visit the Office of the Dean of Students when they...
...are extremely ill or have an emergency situation causing them to miss class. Students need to contact their professors, but DOS can help with this process in a timely manner.
...feel like they are at a loss and not getting answers to their questions. DOS can help connect students with the appropriate university staff or faculty member.
...need to problem-solve and work through complex issues with a professional staff member.
...feel mistreated and want to find out about their rights and due process.
...need a neutral person to mediate or work through issues they are facing on campus.
...have a question or concern regarding an academic or conduct issue and are not sure where to begin.
...are concerned about the well-being of another student.

Student Response Team
The Student Response Team (SRT) responds to the health and safety of our students and assists students in crisis situations. The SRT will facilitate a coordinated campus response to crisis incidents, threats, or potential threats to the well-being of our students. If you have concerns about a student’s well-being, please contact the Office of the Dean of Students. For more on the SRT, visit www.uccs.edu/dos.

www.uccs.edu/dos
Discrimination: Discrimination occurs when an individual suffers a material adverse consequence and is deprived of a benefit of employment or educational opportunity on the basis of that person’s Protected Class.

Harassment: Harassment is verbal, non-verbal or physical conduct related to one’s Protected Class that is severe, persistent or pervasive, and that unreasonably interferes with the individual’s work or academic performance, or creates an intimidating or hostile work or educational environment.

Sexual Harassment: Sexual harassment is unwelcome verbal, non-verbal or physical conduct of a sexual nature that is severe, persistent or pervasive, and that unreasonably interferes with the individual’s work or academic performance. Both “quid pro quo” (“this for that”) and “hostile environment” can be forms of sexual harassment.

Sexual Misconduct: APS 5014 prohibits all forms of sexual misconduct, including; sexual assault-non-consensual intercourse, sexual assault non-consensual sexual contact, sexual exploitation, intimate partner abuse (including domestic and dating violence), gender/sex-based stalking, sexual harassment and any related retaliation. This prohibition applies to all students, faculty, staff, contractors, patients, volunteers, affiliated entities and other third parties, regardless of sex, gender, sexual orientation, gender expression or gender identity. Any violations may be subject to disciplinary action, up to and including expulsion or termination of employment, as applicable. The University will consider what appropriate potential actions should be taken and will take prompt and effective steps reasonably intended to stop any form of sexual misconduct, eliminate any hostile environment, prevent its recurrence and as appropriate, remedy its effects.

Protected Classes: Protected classes include race, color, national origin, sex, pregnancy, age, disability, creed, religion, sexual orientation, gender identity, gender expression, veteran status, political affiliation or political philosophy.

Retaliation: Retaliation refers to any adverse action threatened or taken against a person because an individual has filed, supported or provided information in connection with a complaint of sexual misconduct. An “adverse action” is any conduct or action that would dissuade a reasonable person from reporting an allegation of sexual misconduct or participating in an investigation of sexual misconduct.

To report a matter to UCCS:
The Office of Institutional Equity has the authority to address these complaints in a non-criminal context. The UCCS process is completely separate from police and courts. The Office of Institutional Equity will review allegations and determine an appropriate course of action. Some cases can be handled informally and outside of the formal investigative process, using interim and protective measures as well as education. OIE will work with faculty, on-campus supervisors, Residence Life and Housing, the Wellness Center, Public Safety and other administrative offices to assist individuals during the complaint resolution process. However, UCCS will not mediate cases of sexual violence even on a voluntary basis. For cases that result in an investigation, those investigations are conducted using a preponderance of the evidence standard by individuals who have received specialized training. In general, if OIE conducts an investigation into a complaint, the investigation will include interviews with the complainant and respondent, interviews with relevant witnesses, and the identification, solicitation and review of any documentation relevant to the investigation including available police reports. All investigations will be conducted in a prompt, thorough and impartial manner.

Living On Campus

Living on campus is mandatory for all first-year students; some exceptions apply. For details, visit www.uccs.edu/residence.

Apartment-style housing is available for those who are international students, have lived on campus at UCCS for at least a year, are 21 years of age or older, or have 30 or more credit hours of completed coursework.

All room types are first-come, first-serve. It is recommended to complete a Housing Application as soon as possible (www.uccs.edu/residence).

Living on campus provides many conveniences including additional social and academic opportunities.

Parking, laundry, Wi-Fi, and cable are included.

Commuting

Not planning to live on campus? It is strongly encouraged that commuter students find ways to connect to campus. Getting involved in student clubs, working on campus, and/or finding a faculty mentor are just a few of the many ways to build a sense of belonging even when living off campus.

CHECKLIST

☑ Do a class check-in. Students should ask themselves how they are doing in their classes. If students find they are not doing as well as they would like, they should talk with their Academic Advisor for suggestions on how to improve.

☑ Plan a fun and safe spring break. Spring break is a time to relax and have fun. It’s also a time to be aware of safety and to make good decisions.
