

Minors in Business-For Non Business Students

Students admitted to non-business undergraduate degree programs may elect to pursue a minor in business. Non-business students are eligible to obtain a minor in business as long as they meet the College of Business admission guidelines. Students must have a 2.7 cumulative CU GPA and have successfully passed ENGL 1310 and one college level math course (MATH 1040 is the lowest level math course accepted for this requirement).

Each business minor requires 21 credit hours. Each minor requires three business core courses (ECON 1010 Introduction to Microeconomics, BUAD 1000 Introduction to Business, and ACCT 2010 Introduction to Financial Accounting) and four minor subject courses (these courses depend on the declared minor).

To earn the minor, students must complete a minimum of 9 credit hours in residence at UCCS to include the minor subject courses. For example, the upper division accounting courses must be completed at UCCS. Also, minor courses must be completed with a C- or better in order for the course to count towards the minor, and the minor requires a cumulative minor GPA of a 2.5.

All course prerequisites will be strictly enforced by the College of Business, and it is the student's responsibility to satisfy all course prerequisites.

Accounting (ACCT)

Business Core Courses

ACCT 2020 Intro to Managerial Accounting

ACCT 3010 Intermediate Accounting I

ACCT 3110 Cost Accounting

ACCT 4210 Individual Income Tax
