

## *What Can I Do With A Major In...*

# INFORMATION SYSTEMS

### **General Information:**

Technology is becoming an integral part of business strategy and competitiveness. A degree in information systems empowers you to be a significant contributor of the 21st century operations of business and technology, allowing you strategic success as you combine an understanding of cutting edge technologies and the ability to analyze and comprehend the database, hardware, software and networking needs of your employer. Students will also, throughout the course of the UCCS curriculum, learn to use Microsoft Office tools that will give them a head start on their career.

### **Career Possibilities:**

Applications Development Manager  
Chief Information Officer (CIO)  
Computer Programmer/Analyst  
Computer Support Analyst  
Computer Training Specialist  
Data Base Manager/Administrator  
Data Communications Manager  
Data Security Manager  
Knowledge Manager  
Logistics Manager  
MIS Director/Specialist  
Chief technology officers (CTOs)

### **Statistics:**

- Annual median salary for computer/info systems managers (2011): *\$74,000*
- Annual median salary for web developer/computer specialists (2011): *\$84,000*
- Annual median salary for computer systems analyst (2011): *\$60,000*
