

Business Minors for Non-Business Students

Areas of Emphasis:

BUSINESS MINORS	
Students admitted to non-business undergraduate degree programs may elect to pursue a minor in business. Non-business students are eligible to obtain a minor in business as long as they meet the College of Business admission guidelines. Students must have a 2.7 cumulative CU GPA and have successfully passed ENGL 1310 and one college level math course (MATH 1040 is the lowest level math course accepted for this requirement).	
To earn the minor, students must complete a minimum of 9 credit hours in residence at UCCS to include the minor subject courses. For example, the upper division accounting courses must be completed at UCCS. Also, minor courses must be completed with a C- or better in order for the course to count towards the minor, and the minor requires a cumulative minor GPA of a 2.5.	
All course prerequisites will be strictly enforced by the College of Business, and it is the student's responsibility to satisfy all course prerequisites	
Total	21

BUSINESS CORE COURSES REQUIRED FOR ALL MINORS		
ECON 1010	Introduction to Microeconomics	3
