## General Academic Information

### Medical Laboratory Science (MLS) Post-BS Professional Certificate

Medical Laboratory Science is a nationally recognized allied health field. Medical laboratory scientists are key members of the health care team who contribute to the practice of diagnostic medicine. The UCCS MLS Program is offered through the Colorado Center for Medical Laboratory Science ([CCMLS](http://www.uccs.edu/ccmls)), a program of Metropolitan State University of Denver. CCMLS is accredited by the National Accrediting Agency for Clinical Laboratory Science ([NAACLS](http://www.naacls.org)). CCMLS provides the didactic, student laboratory and clinical coursework needed to complete the professional certificate requirements. Clinical courses occur in the [clinical partner laboratories of CCMLS](http://www.uccs.edu/clinical-partner-laboratories).

### Academic Policies

It is the responsibility of each student to know and follow all Academic policies established by the University and the Beth-El College of Nursing & Health Sciences that are set forth in the Catalog ([catalog.uccs.edu](http://catalog.uccs.edu)) and the Beth-El Student Handbook (<http://www.uccs.edu/~bethel/studenthandbooks.htm>).

### Background Checks/ Risk Waivers

All Health Science students completing a practicum or internship are required to complete a criminal background check. Students enrolled in courses involving an activity component are required to complete the UCCS Risk Waiver prior to participating in any activity.

### Probation/Suspension

Students may be placed on academic probation if their CU GPA falls below 2.0 or if they receive a grade below a C- in any required Health Science courses for the first time. They may continue with required courses unless the course/courses in which they received a grade below a C- are prerequisites for upcoming courses. In that case, the course/courses in which they received a grade below a C- must be repeated prior to progressing. Students may remain on academic probation for a maximum of three semesters with a GPA under 2.0. If, by the end of their third semester of probation, their CU GPA has not been raised to 2.0 or better, they will be subject to suspension from the College. Two required Health Science courses with a grade of C- or below will result in dismissal from the College. Students may petition in writing to the Department Chair for re-admission to the College within

30 calendar days. Dismissal from the Health Science Program does not imply dismissal from the University of Colorado.

> A minimum of 120 hours must be completed with a cumulative CU grade point average of 2.7.

> 30 hours of the degree must be completed while registered in the Beth-El College of Nursing & Health Sciences at UCCS.

> A maximum of 60 hours of community college course work can count towards the degree.

> Courses numbered below 1000 do not count towards degree completion.

### Compass Curriculum

Compass Curriculum is the campus-wide general education program at UCCS. The Compass Curriculum has multiple components many of which will coincide with the degree requirements listed in this guide. Please visit the Compass Curriculum website at [www.uccs.edu/compasscurriculum](http://www.uccs.edu/compasscurriculum), review your degree audit, or check out the Compass Curriculum advising guide for specific course details. The required components are listed below and referenced in the guide.

### REQUIRED COMPASS CURRICULUM COMPONENTS:

Component	Course
<b>Gateway</b>	GPS 1010
<b>Explore<sup>1</sup></b> – Arts, Humanities and Cultures	See List
<b>Explore<sup>1</sup></b> – Society, Behavior and Health	PSY 1000
<b>Explore<sup>1</sup></b> – Physical and Natural World	BIOL 1350
<b>Navigate</b>	HSCI 3630
<b>Summit</b>	HSCI 4621
<b>Writing Intensive Course (WIC)<sup>2</sup></b> <i>Two courses with at least one upper-division (3000+ level).</i>	HSCI 3630 See List
<b>Inclusiveness<sup>2</sup></b>	HSCI 3630
<b>Sustainability<sup>2</sup></b>	See List

<sup>1</sup> Explore must be outside major and area requirements.

<sup>2</sup> Can count towards other requirements within the Compass Curriculum or within a student's degree program.
