Welcome to the Department of Leadership, Research, and Foundations

Welcome to Educational Leadership at UCCS. By enrolling in one of the excellent programs offered here, you have identified yourself as an educational leader. You are now embarking upon an adventure in learning. Through this program you will be in partnership with a faculty of outstanding professionals who are also leaders in the field of education. They have been selected because of their commitment to excellence, their outstanding record in teaching adults, and their ability to mentor and develop leaders.

The curriculum for the MA Degree in Leadership and Advanced License Programs (Principal License, Special Education Director License, and Administrator/Superintendent License) have been carefully designed to ensure the development of educational leaders who can transform schools into learning communities in which all members of a diverse society are accorded opportunity and respect. This curriculum has been developed on a foundation of research in the areas of strategic leadership, instructional leadership, cultural and equity leadership, human resource leadership, managerial leadership, external development leadership, and student learning management. These programs satisfy the requirements of the Colorado Department of Education (CDE) and the Colorado Department of Higher Education (CDHE).

As an active program participant you will develop as a leader through an expanded self-knowledge and worldview. You will develop school management competencies and leadership strategies. You will learn how to guide an educational team as you integrate recommendations from research with an assessment of the needs of a school community and create a plan for student success. You will explore the political and social implications of schooling and the educational requirements of contributing to a diverse, democratic, multicultural society. You will discover how technology can be utilized to enhance management and communication. You will acquire the confidence necessary to ignite and inspire others.

Warren Bennis has written that the primary goal of leadership is the creation of a human community held together by a common purpose. True leaders, he said, demonstrate a balance of competence, virtue, and vision. It is our mission to guide you in developing all three.

This handbook has been created to serve as a resource of information, guidelines, and requirements to assist you toward successful program completion. If at any time you require additional support or information, please feel free to contact the LRF Department Chair, Dr. Sylvia Mendez (719-255-3476 | smendez@uccs.edu) and/or the P-12 Program Coordinator, Ms. Tacy Killingsworth (719-255-4013 | tkilling@uccs.edu).
Mission Statement

The faculty of the Department of Leadership, Research, and Foundations (LRF) is committed to the development of leaders and practitioners who:

- model integrity,
- demonstrate respect for the dignity and worth of individuals within a diverse society,
- embrace and demonstrate ethical behaviors and democratic dispositions,
- promote effective instructional practices,
- challenge themselves and others toward continuous improvement of educational programs,
- display passionate commitment to ensure every student learns,
- create learning communities, and
- use research and analytic tools to address significant questions that influence effective educational policy and practice.

The faculty accepts the critical role of mentorship in adult learning and of building knowledge with students while challenging them to develop competencies and to broaden their intellectual horizons.

Academic Advising

Upon acceptance into the Department of Leadership, Research and Foundations, students are assigned an academic advisor. The name of the advisor can also be found in the student’s UCCS Portal. The advisor will complete the interview form and will assist the student in understanding and developing a Program Plan to meet the requirements specific to the degree or license they are seeking as well as satisfying the requirements of the Department and the Graduate School. The student is responsible for knowing the University and Departmental Policies and Procedures, specific deadlines and other information found in this Student Handbook. It is recommended that students contact their advisor if students have questions about their progress in the program or have any additional inquiries. Meetings with advisors are coordinated through the College of Education Student Resource Office. Please call 719-255-4996 or email education@uccs.edu to set up an appointment.
Academic Policies and Procedures

The MA in Leadership and Advanced License Programs adheres to all UCCS Graduate School policies and procedures. Please refer to the Graduate School website for specific university policies and below for specific program policies.

Grade and Quality of Work Requirements

MA and License Timeline
Students are allowed five years from the beginning of coursework to complete all degree/license requirements.

MA Graduation
Students must complete all Graduation Forms on the Graduate School website to be eligible to graduate. Application for Candidacy is due NO LATER than the first week of classes in the semester a student expects to graduate. This will ensure that all records are in order, all classes have been completed, and pertinent information about graduation is communicated.

Application for the Principal License
Eligibility for the Principal License includes holding a bachelor’s degree or higher from a regionally-accredited institution, three years of license experience in a public or nonpublic elementary or secondary school, passing the Colorado-approved content exam, and completion of a program from a regionally-accredited institution for the preparation of principals. Candidates will not be recommended to CDE for the Principal License until all coursework has been completed (including the practicum). Candidates must submit the completed CDE Program Verification Form for official signature to the Student Resource Office. It is important that candidates plan sufficient time (a minimum of one month) for the form to be processed. The signed form will be returned to the candidate by US Mail. We recommend signing up for the Colorado-approved content exam after the majority of coursework is completed, information on the exam can be found at: https://www.cde.state.co.us/cdeprof/licensure_praxis_info. CDE only processes license applications when ALL required information and forms are submitted together. It is the responsibility of the candidate to check the requirements and submit them in a timely manner, all license information is available on the CDE website: http://www.cde.state.co.us/.

Application for the Administrator/Superintendent License
Eligibility for the Administrator/Superintendent License includes holding a bachelor’s degree or higher from a regionally-accredited institution, passing the Colorado-approved content exam or evidence of three years of continuous professional administrative experience, and completion of a program from a regionally-accredited institution for the preparation of school administrators. Candidates will not be recommended to CDE for the Administrator/Superintendent License until all coursework has been completed (including the practicum). Candidates must submit the completed CDE Program Verification
Form for official signature to the Student Resource Office. It is important that candidates plan sufficient time (a minimum of one month) for the form to be processed. The signed form will be returned to the candidate by US Mail. We recommend signing up for the Colorado-approved content exam after the majority of coursework is completed, information on the exam can be found at: https://www.cde.state.co.us/cdeprof/licensure_praxis_info. CDE only processes license applications when ALL required information and forms are submitted together. It is the responsibility of the candidate to check the requirements and submit them in a timely manner, all license information is available on the CDE website: http://www.cde.state.co.us/.

Application for the Special Education Director License
Eligibility for the Special Education Director License includes holding a master's degree or higher in special education from a regionally-accredited institution, two years of experience working with students with disabilities, and completion of a program from a regionally-accredited institution for the preparation of administrators and special education directors. Candidates will not be recommended to CDE for the Special Education Director License until all coursework has been completed (including the practicum). Candidates must submit the completed CDE Program Verification Form for official signature to the Student Resource Office. It is important that candidates plan sufficient time (a minimum of one month) for the form to be processed. The signed form will be returned to the candidate by US Mail. CDE only processes license applications when ALL required information and forms are submitted together. It is the responsibility of the candidate to check the requirements and submit them in a timely manner, all license information is available on the CDE website: http://www.cde.state.co.us/.

Minimum Grade Point Averages
To remain in good academic standing in the MA in Leadership and Advanced License Programs and the Graduate School, a student is required to maintain at least a B (3.00) graduate program grade point average.

Minimal Acceptable Grades
Any graduate level course applied to the MA in Leadership and Advanced License Programs must have a grade of B minus or better. Course forgiveness is not allowed; if a student receives a grade below a B minus in a course, the student will be required to retake the course and earn a B minus or better.

Transfer Credits
Up to nine credits can be transferred into the MA in Leadership and Advanced License Programs as long as those credits were not used toward another degree. Please speak with your advisor about any transfer credits you wish to apply to your UCCS program.

Incomplete Grades
A grade of incomplete ("I") will convert to an "F" if the work is not completed within the one-year maximum period of time according to University policy. A grade of "I" should be given only when the following conditions are met:
1. The student requests an incomplete grade
2. Reasons for not completing course requirements are beyond the student's control
3. A substantial amount of coursework has been completed at a passing level by the student
4. The instructor sets the conditions whereby the coursework will be completed within one year

Withdrawals
Withdrawals will be granted only to students with a passing grade.
Leave of Absence
A student in good academic standing can request a leave of absence from the department chair for up to one year. During a leave of absence, the five-year clock remains active and the student will begin the program at the point at which he or she stopped out. The student will be ineligible to register for any coursework or receive financial aid during this time period. Any student who is on a leave of absence for more than one year must reapply to the program and will be subject to any new program requirements adopted subsequent to original admittance.

Administrative Leave of Absence
A student can be placed on an administrative leave of absence if course and/or portfolio requirements are not completed satisfactorily by the department chair for up to one year. During an administrative leave of absence, the five-year clock remains active and the student will begin the program at the point at which he or she stopped out. The student will be ineligible to register for any coursework or receive financial aid during this time period. Any student who is placed on an administrative leave of absence for more than one year must reapply to the program and will be subject to any new program requirements adopted subsequent to original admittance.

Academic Probation
A student who has attempted nine or more semester hours in the Graduate School and whose UCCS graduate program grade point average of awarded grades falls below 3.00 will be placed on academic probation until such time as the UCCS graduate program grade point average is raised to 3.00 or higher. The student will be allowed a maximum of one calendar year to be removed from probation, or the student may be dismissed from the program by the Graduate School.

Program Dismissal
A student whose UCCS graduate program grade point average is below 3.00 after the one-year probationary period will be subject to automatic dismissal.

A student who plagiarizes may be subject to automatic dismissal. If a faculty member believes a student has plagiarized, the department will review the incident and determine appropriate sanctions.

If a student is to be dismissed, the department chair will notify the Graduate School dean and the student will be dismissed from the Graduate School. A dismissed student has the right to grieve dismissal decisions by appealing through the COE appeal/exception procedure. A dismissed student is eligible to reapply for admission after one year. Approval or rejection of this application rests with the department faculty. Validation of previous coursework may be required for students to complete the degree and/or advanced license program.

Ethics

Ethical and Professional Behavior
Students are expected to maintain high standards of ethical and professional conduct in order to be a successful member of the program learning community. Professional behavior is required to complete the program successfully and often is a hallmark of educational and career success.

UCCS Student Code of Conduct
The purpose of the Student Code of Conduct is to maintain the general welfare of the university community. The university strives to make the campus community a place of study, work, and residence
in which individuals are treated, and treat one another, with respect and courtesy:
http://www.uccs.edu/dos/student-conduct/student-code-of-conduct.html

**UCCS Student Rights and Responsibilities**

**UCCS Academic Ethics Code Policy**
http://www.uccs.edu/Documents/vcaf/200-019%20StudentAcademic%20Ethics.pdf

**Plagiarism**
Plagiarism is not tolerated at UCCS. Plagiarism is defined in the **UCCS Bulletin** and in the **Schedule of Courses** as follows: Use of distinctive ideas or words belonging to another person, without adequately acknowledging that person’s contribution. Thus defined, plagiarism includes (but is not limited to) the following:

1. Copying phrases and/or sentences from a source without placing the material in quotation marks and/or without adequate acknowledgment of the source;
2. Mosaic copying of phrases and/or sentences from a multiple source without placing the material in quotation marks and/or without adequate acknowledgment of the individual sources;
3. Using a source’s ideas, opinions, or theories without adequate acknowledgment of the source;
4. Paraphrasing a source’s words, ideas, opinions, or theories without adequate acknowledgment of the source;
5. Using a source’s facts, statistics, or illustrative material without adequate acknowledgment of the source;
6. Submitting as one’s own work material that is written or published by another author.

Plagiarism is sometimes thought by students to require a guilty mind, either an intent to plagiarize or attempting or meaning to plagiarize. Students also occasionally think that absence of such an intent or ignorance of plagiarism is sufficient to exonerate them. None of these beliefs are true. As defined, plagiarism is a crime of extension, not of intention: If there is sufficient evidence of copying, use without acknowledgment, or submission of another’s work, plagiarism is committed, regardless of the student’s intent or lack thereof and regardless of the student’s knowledge or lack thereof. Plagiarizing is grounds for dismissal from the MA in Leadership and Advanced License Programs.

*Adapted from UCCS College of Letters, Arts, and Science Plagiarism Policy:
http://www.uccs.edu/~srehorst/labs/Modules/Plagiarism_Guidelines.pdf

**Financial Aid and Veteran’s Affairs Benefits**
Financial aid and veteran’s affairs benefits, policies, and procedures must be adhered to throughout the course of study. Students who are suspected of willfully or unknowingly engaging in financial aid fraud and/or veteran’s affairs benefits fraud will be turned over to the Executive Director of Financial Aid and the Director of the Office of Veteran and Military Student Affairs (if applicable).

**Student Appeals**
Students may access the **College of Education Appeal/ Exception Procedures** at:
http://www.uccs.edu/Documents/coe/studentresources/AppealsForm2009.pdf. This form is to be used for an appeal when a student is: (a) denied admission to professional education program; (b) denied
permission to student teach or complete professional internship; (c) removed from a professional education program or internship; (d) denied permission to graduate due to missing requirements; (e) requesting an exception to specific policies, procedures, or requirements; and (f) requesting a grade change. This form is not to be used for requests to take classes out of sequence or to take a class without the proper prerequisites. Such requests should be initiated with the department chair.

**University Requirements and Provisions**

**Technology Competencies**
It is expected that students begin the program with foundational technology skills that include digital word processing, digital and online formats (e.g., Canvas), and online research databases. Knowledge of the use of technology-supported multimedia, such as PowerPoint and other audio/video resources, is expected. Students who need assistance with building technological skills should speak with their professor to learn about technology resources in the COE and at UCCS. A requirement of this program is that all students must use their UCCS email account and check it regularly (every day) so as not to miss announcements. If the UCCS email address is not a student’s primary one, please have emails from UCCS rerouted to the one that is checked daily.

**Diversity Statement**
The faculty of the College of Education is committed to preparing students to recognize, appreciate, and support diversity in all forms—including ethnic, cultural, religious, gender, economic, sexual orientation, and ability—while striving to provide fair and equitable treatment and consideration for all. Any student who believes that he or she has not been treated fairly or equitably for any reason should bring it to the attention of the instructor, department chair, or the dean of the College of Education.

**Accommodations**
The College of Education wishes to fully include persons with disabilities. In compliance with section 504 and the Americans with Disabilities Act (ADA), UCCS is committed to ensuring that “no otherwise qualified individual with a disability ... shall, solely by reason of disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity....” For students with a disability who believe they will need accommodations, it is their responsibility to contact and register with the Disabilities Services Office and to provide them with documentation of the disability to determine the type of accommodations that are appropriate for the situation. To avoid any delay in the receipt of accommodations, the student should contact the Disability Services Office as soon as possible. Please note that accommodations are not retroactive, and disability accommodations cannot be provided until a “Faculty Accommodation Letter” from the Disability Services Office has been given to the professor by the student. Please contact Disability Services for more information about receiving accommodations at Main Hall, Room 105, 719-255-3354 or dservice@uccs.edu.

**Military and Veterans Affairs**
Military students who have the potential to participate in military activities, including training and deployment, should consult with faculty prior to registration for any course, but no later than the end of the first week of classes. At this time, the student should provide the instructor with a schedule of planned absences, preferably signed by the student’s commander, in order to allow the instructor to evaluate and advise the student on the possible impact of the absences. The instructor will consider absences due to participation in verified military activities to be excused absences. If, however, it appears that military obligations will prevent adequate attendance or performance, the instructor may advise the student to register for the course at another time, when s/he is more likely to be successful.
**Title IX**

Students violating Title IX provisions will be given one verbal warning with the understanding that a second incident may, at the instructor’s discretion, result in the student being dropped from the class (with the exception of harassment for which one incident is grounds for immediate action). If the disruptive student is dropped after the final drop date, the student will receive a grade of “F” in the course. In all courses, the decision to excuse an absence is solely at the discretion of the instructor. In addition, plagiarism or cheating of any manner will result in a failing grade for the class.

UCCS does not discriminate on the basis of sex in employment or in its education programs and activities and is committed to providing an environment in which all individuals can achieve their academic and professional aspirations free from sex discrimination. UCCS prohibits sex discrimination, including “sexual misconduct,” as defined in CU policy. “Sexual misconduct” includes sexual assault, sexual exploitation, intimate partner abuse, gender/sex-based stalking, sexual harassment, and any related retaliation. UCCS does not tolerate acts of discrimination or harassment on the basis of race, color, national origin, sex, pregnancy, age, disability, creed, religion, sexual orientation, gender identity, gender expression, veteran status, political affiliation, or political philosophy in admission and access to, and treatment and employment in, its educational programs and activities. Faculty, staff, and students may report allegations of sexual misconduct, discrimination, or harassment to the UCCS Title IX Coordinator. Additional information can be found at www.uccs.edu/equity.

Sexual misconduct, discrimination, and harassment reports may be made to: Julia Paris, Title IX Coordinator | Office of Institutional Equity, ACAD 106 | 719-255-4324 | jparis5@uccs.edu

Privacy Note: CU policy requires faculty to report to the Title IX Coordinator any personal disclosure regarding sexual misconduct, discrimination, or harassment shared with the faculty by a student. Certain student disclosures to a faculty member, whether in person, via email, and/or in classroom papers or homework exercises, may be subject to this requirement. While faculty often are able to help students locate appropriate resources on campus, certain disclosures by the student to the faculty require that the faculty inform the Title IX Coordinator to ensure that the student’s safety and welfare are being addressed, **even if the student requests that the disclosure be private.** Students seeking confidential resources on campus may contact (1) the UCCS Counseling Center, 719-255-3265, Main Hall 324; or (2) the UCCS Student Health Center, 719-255-4444, located in the Public Safety Building.

COURSE DESCRIPTIONS (in numerical order)

MA in Leadership and Principal License Courses

LEAD 5020-3: Vision, Ethics, and Politics for School Leaders
Explore leadership theory, values, ethics, and politics inherent in the public education system, as well as personal beliefs relative to education and democracy. Personal educational philosophy and strategies facilitating vision, community, and common purpose are developed.

LEAD 5070-3: Human Resources Management and Staff Development
Personnel practices, policy development, employee-employer relationships, employee contracts, due process procedures, collective bargaining, performance appraisal, hiring and dismissal processes, staff development, induction of new employees, legal implications of ADA, affirmative action, and sexual harassment are explored.

LEAD 5170-3: Collaborative Leadership for Equity and Community Outreach
Examines how to collaboratively lead, support, and sustain equity in schools by identifying cultural understanding and bias, promoting appropriate pedagogical practices, developing strong community outreach programming, and providing just access to services and resources. Field work required.

LEAD 5220-3: Data Driven Program Evaluation and Curriculum Assessment
Offers students an opportunity to explore various methods of evaluating school programs and assessing the effectiveness of curriculum. Field work is included in the requirements for this course. Prerequisite LEAD 5700 or approval of instructor.

LEAD 5230-3: Instructional Leadership
Students develop a foundation to guide teachers in the establishment of effective instructional practices and to supervise and support instruction. Students gain competency in providing mentorship and coaching to teachers. Effective communication and conflict management skill development are emphasized.

LEAD 5600-3: Social Foundations of Educational Trends
Addresses the relationship of schooling to society by focusing on the question of whether the schools can significantly reduce the environmentally related inequalities in achievement which exist in America. Zeros in on relationships between the federal government and education. Field work required.

LEAD 5700-3: Introduction to Research and Statistics
Introduces measures of central tendency, variability, percentiles, standard scores, and correlation. Covers basic concepts in statistical inference, evaluating and using research, design and analysis of educational research, and critical evaluation of published research. Completion of research project required.

LEAD 6050-3: Financing Schools and Programs
Funding sources for public schools, procedures in financial planning, budgeting implications, and the relationship between costs and effectiveness are explored, including resource procurement, control of funds, accounting requirements, and payment procedures. Emphasis on management of building level budgets. Field work required.
LEAD 6140-3: Supervision and Evaluation of Instruction
The role of an instructional leader facilitating instructional effectiveness toward student success. Evaluation and supervision strategies included are: data collection, data analysis, legal aspects, evaluation report writing, conferencing, goal setting, motivation, and focusing on student outcomes. Field work required.

LEAD 6400-3: Legal Issues for School Leaders
Federal and state laws from statutes, key court decisions, and recent legal developments are studied. Governance challenges of American education with emphasis on the legal duties, rights, and restraints of principals and administrators are explored.

LEAD 6820-3: Practicum in School Leadership: The Principalship
A minimum of 300 clock hours of administration activities at the elementary, middle, and high school levels supervised by site mentors in varied settings with educationally, culturally, and socioeconomically diverse populations. Professional portfolio documents competencies required for program completion.

LEAD 7000-3: Master’s Research Lab
Laboratories organized by professors to engage students in ongoing research projects. Students extend and apply knowledge and skills developed in coursework. Open only to graduate students. Prerequisite LEAD 5220 and LEAD 5230, admission to master’s program or consent of instructor.

Administrator/Superintendent License and Special Education Director License Courses

LEAD 6860-3: The Superintendent as Transformational Leaders
Exploration of leadership challenges of the superintendency and central office administrators. Content is based upon Colorado licensure standards and AASA professional standards for the superintendency. Field work is required.

LEAD 6870-3: The Superintendent as Manager of Quality Systems
Exploration of management challenges of the superintendency and central office administrators. Content is based upon Colorado licensure standards and AASA professional standards for the superintendency. Field work is required.

LEAD 6880-3: Practicum in Central Office Leadership and the Superintendency
Minimum of 300 clock hours of central office administration activities supervised by site mentors in varied settings with educationally, culturally, and socioeconomically diverse populations. Professional portfolio documents required. Content is based upon Colorado licensure standards and AASA professional standards for the superintendency. Field work is required.
ADVANCED LICENSE PORTFOLIOS

Principal License Portfolio Requirements

The Principal License Portfolio is completed during LEAD 6820. It is the culmination experience of the Principal License Program and is representative of the candidate’s knowledge and understanding of the Colorado Principal Quality Standards (CPQS). Taskstream is used as the electronic portfolio repository, which allows students to upload selected work from their principal license courses and practicum experiences. An instructional video exists in Canvas to assist candidates in uploading required documents to Taskstream. The completed portfolio is assessed according to the Principal License Portfolio Rubric, which allows professors to assess competency in the CPQS. Please refer to the LEAD 6820 syllabus for in-depth specifics regarding the Principal License Portfolio.

The Principal Portfolio shall contain the following:

Colorado Principal Quality Standard Narratives
The portfolio must include a narrative for each of the seven Colorado Principal Quality Standards with specific attention to the individual elements (i.e., A, B, C) of said standard (i.e., I, II, III). Quality narratives address the candidates’ knowledge and experience in Principalship activities gained while taking coursework and completing practicum field hours.

Artifacts
The portfolio must include a minimum of two artifacts for each Colorado Principal Quality Standard in order to receive a score of 2.0/Meets Expectations for a standard. In order to receive a score closer to 3.0/Exceeds Expectations a candidate must upload at least three artifacts per standard. Artifacts must support the narratives, but the candidate should not use the narrative to explain each submitted artifact. Of course, the candidate can refer to the artifacts in the narrative, but please do not use a page to describe the artifact. Artifacts support the written narratives, but are not, in themselves, the narrative. Please refer to the course rubric for more specifics on the number of artifacts to upload, and their relation to the rubric and grading.

Site Mentor Evaluation
Candidates must submit a completed and signed midterm and final evaluation from their mentor. The candidate’s mentor must be an experienced, licensed administrator and the LEAD 6820 instructor must approve the mentor once the candidate selects him/her. The site mentor evaluation form is located in Taskstream under the Mentor Evaluation Assignment; it is a fillable PDF. Candidates will need to download the form and send it to his/her mentor for both the midterm and final evaluations. Once the mentor completes each form and signs it electronically, the candidate is responsible for uploading the documents to Taskstream.

Leadership Philosophy
Candidates must submit the Leadership Philosophy that was completed during LEAD 5020. It is important to make any edits or revisions recommended by the instructor in LEAD 5020 prior to submitting for the portfolio. If for some reason a student did not take LEAD 5020, s/he is still required to develop and submit a leadership philosophy. The rubric for this assignment is located in the syllabus.

Professional Growth Plan
Candidates must submit the Professional Growth Plan that was developed during LEAD 5020. The plan must include three to four professional objectives aligned to the Colorado Principal Quality Standards
with strategies for accomplishing each objective, a progress monitoring plan to assess growth, and a reflective analysis of progress made toward each objective. If for some reason a student did not take LEAD 5020, s/he is still required to develop and submit a professional growth plan. The rubric for this assignment is located in the syllabus.

Resume
Candidates must submit a leadership resume that includes a detailed, expanded account of education and special skills, a functional description of professional experience, and a focused professional objective. The resume should be eye-catching and easy to read.

Practicum Hours
The candidate must submit a Field Experience Log and Reflection Journal of the CDE required 300 practicum hours. The log must be documented in a spreadsheet (Excel or Word) that includes the location (school/district), the date of the activity/experience, the name of the activity/experience, the time spent on the activity/experience, and a reflection of what was learned from the activity/experience. Candidates need to log 250 hours at the level at which they hope to be an administrator and then the other 50 hours at other levels in the district, which could include the central office. Of the 300 hours, 10 hours must occur in a diverse setting that is different than the one where most hours are documented.

Administrator/Superintendent License Portfolio Requirements

The Administrator/Superintendent Portfolio is completed during LEAD 6880. It is the culmination experience of the Administrator/Superintendent License Program and is representative of the candidate’s knowledge and understanding of the Colorado Administrator Standards (CAS). Taskstream is used as the electronic portfolio repository, which allows students to upload selected work from their administrator/superintendent license courses and practicum experiences. An instructional video exists in Canvas to assist candidates in uploading required documents to Taskstream. The completed portfolio is assessed according to the Administrator/Superintendent License Portfolio Rubric, which allows professors to assess competency in the CAS. Please refer to the LEAD 6880 syllabus for in-depth specifics regarding the Administrator/Superintendent License Portfolio.

The Administrator/Superintendent Portfolio shall contain the following:

Colorado Administrator Standard Narratives
The portfolio must include a narrative for each of the Colorado Administrator Standards with specific attention to the individual elements of said standard. Quality narratives address the candidates’ knowledge and experience in Administrator activities gained while taking coursework and completing practicum field hours.

Artifacts
The portfolio must include a minimum of two artifacts for each Colorado Administrator Standard in order to receive a score of 2.0/Meets Expectations for a standard. In order to receive a score closer to 3.0/Exceeds Expectations a candidate must upload at least three artifacts per standard. Artifacts must support the narratives, but the candidate should not use the narrative to explain each submitted artifact. Of course, the candidate can refer to the artifacts in the narrative, but please do not use a page to describe the artifact. Artifacts support the written narratives, but are not, in themselves, the narrative. Please refer to the course rubric for more specifics on the number of artifacts to upload, and their relation to the rubric and grading.
Site Mentor Evaluation
Candidates must submit a completed and signed midterm and final evaluation from their mentor. The candidate’s mentor must be an experienced, licensed administrator and the LEAD 6880 instructor must approve the mentor once the candidate selects him/her. The site mentor evaluation form is located in Taskstream under the Mentor Evaluation Assignment; it is a fillable PDF. Candidates will need to download the form and send it to his/her mentor for both the midterm and final evaluations. Once the mentor completes each form and signs it electronically, the candidate is responsible for uploading the documents to Taskstream.

Leadership Philosophy
Candidates must submit the Leadership Philosophy that was completed during LEAD 6860. It is important to make any edits or revisions recommended by the instructor prior to submitting it for the portfolio. If for some reason a student did not take LEAD 6860, s/he is still required to develop and submit a leadership philosophy. The rubric for this assignment is located in the syllabus.

Professional Growth Plan
Candidates must submit the Professional Growth Plan that was developed during LEAD 6860. The plan must include four to five professional objectives aligned to the Colorado Administrator Standards with strategies for accomplishing each objective, a progress monitoring plan to assess growth, and a reflective analysis of progress made toward each objective. If for some reason a student did not take LEAD 6860, s/he is still required to develop and submit a professional growth plan. The rubric for this assignment is located in the syllabus.

Resume
Candidates must submit a leadership resume that includes a detailed, expanded account of education and special skills, a functional description of professional experience, and a focused professional objective. The resume should be eye-catching and easy to read.

Practicum Hours
The candidate must submit a Field Experience Log and Reflection Journal of the CDE required 300 practicum hours. The log must be documented in a spreadsheet (Excel or Word) that includes the location (school district), the date of the activity/experience, the name of the activity/experience, the time spent on the activity/experience, and a reflection of what was learned from the activity/experience. Of the 300 hours, 10 hours must occur in a diverse setting that is different than the one where most hours are documented.

Frequently Asked Questions on the Portfolios

1. What is the difference between Colorado Principal Quality Standards and Elements?

Colorado Principal Quality Standards are designated by CPQS I, II, III, etc. Colorado Principal Quality Standard Elements are designated by A, B, C, etc. and are important components of each Colorado Principal Quality Standard. You are to write narratives for each of the individual elements, which support the standard.
2. **What principal license hours may I include in my portfolio, and when can I begin counting them?**

Practicum students are required to become involved with or observe activities in which leaders are involved. Once licensure students begins taking classes, they may begin accumulating and logging hours. Students can use hours related to practice evaluations of colleagues, serving as the building “administrator in charge,” accountability participation (DAC or BAC), supervision of activities, observing school board meetings, curricular development, UIP work, developing school staff schedules, interviewing potential teachers, PLC development, member of crisis intervention team, conducting parent meetings, supervising numerous student activities, etc. Students need to log hours related to what leaders do…. SPED teachers cannot count IEP meetings as they are always part of their jobs, but a couple of 504 meetings could be counted, as they are not usually as frequent as IEPs and often have a different focus. Students need to log 250 hours at the level at which they hope to be an administrator, and then the other 50 must be at other levels in the district, which could include the central office, too. Other ideas could be interviewing SRO’s, meeting with transportation folks to better understand the difficulty of scheduling buses, learning more about district finance, as well as riding busses and understanding the work involved with district maintenance. The sky is the limit, but there must be a variety of leadership experience listed in the log. A future principal not only needs to understand the needs in his or her building, but also administrative pressures in the entire district. Attendance at conferences will not count but presenting professional development to your department or school because of conference attendance will count.

3. **How long do I have to complete the principal or administrator/superintendent portfolio?**

You may have up to one year to complete your portfolio. If you exceed that timeline, you will receive an “F” for the class and you will need to re-enroll and pay for the course again. If you do not complete your portfolio the first semester you are enrolled, you will receive an “Incomplete” and once you have submitted the portfolio within the allotted year, a grade change will be submitted. If you do not complete in the semester in which you registered, you do not need to re-enroll or pay again unless you take longer than one year to complete.

4. **Can I email my completed electronic portfolio to the instructor?**

No. You must email and notify your LEAD 6820 or LEAD 6880 instructor(s) that you have completed your portfolio and your work has been uploaded into Taskstream. Upon notification, the instructor will grade your work as soon as possible. You must “share your portfolio” according to the directions in Canvas or else the material cannot be evaluated.

5. **Who may I select to me by mentor for LEAD 6820 or LEAD 6880?**

You must select a mentor who is an experienced, licensed administrator to help you with your evaluation materials; the portfolio instructor must approve your selection. Most students use one of their current administrators for their mentor. Depending upon each student’s situation (school and district size), students have used central office personnel to assist them with their work. Remember to have your mentor complete a mid-term evaluation and a final evaluation. Both evaluations must be scanned and uploaded into Taskstream.
6. How do I keep a log of the 300 hours for my portfolio?

Most students keep an Excel Spreadsheet or design a Word document to record their hours. One way to complete this is to set up four columns. Columns may be headed with the following: Hours, Activity, Date, and Reflection. There are many ways to track your hours, but if you use one of these methods for tracking and logging your hours you will have essentially completed work for the hours and your reflective journal. Please remember the reflection part of your journal must include things such as specific lessons learned, including your feelings and thoughts about a specific activity.

7. What can I use as artifacts? Can I use a narrative and an artifact more than once if it applies to other standards?

Artifacts can include work you have done in LEAD classes such as projects, PowerPoints, etc. as well as work you have done during your practicum. Artifacts from the practicum may include meeting agendas, PowerPoints used in professional development with staff, discipline policies, finance projects from classes, UIP work you have done, etc. Many of the papers you have written for your coursework do support standards; however, a portfolio is a demonstration of not only what you have learned, but also what you have accomplished during the practicum to gain administrative experience. You can use the same narrative and artifact more than once if it applies. Please do not use the same artifact more than three times, and make sure it appropriately applies to the particular element under the standard.

8. Where do I find out information about obtaining an advanced license when I complete the coursework?

The Colorado Department of Education website documents the submission process for obtaining your principal license: https://www.cde.state.co.us/cdeprof/edprepandlicensingcontentassessmentproject2016

Additionally, you must pass the PRAXIS exam to obtain a Colorado principal license or Colorado administrator/superintendent license. Information on the PRAXIS exam can be found at: https://www.ets.org/praxis/
