Students can easily estimate bills for previous, current, and upcoming semesters right from the Student Financial Services (Bursar’s Office) website. Here’s how it’s done:

1. **GO TO** www.uccs.edu/bursar

2. **CLICK** “Estimate Your Total Bill” on the left-hand side navigation bar. Select the semester(s) that you want to calculate a bill for.

3. **CLICK** the downward facing arrows in the boxes for each part of the bill you wish to calculate. As you complete information in each field, the “Totals” box on the bottom of the page will begin populating with billing totals.

Remember that the Billing Estimator tool provides an estimate of the bill and may not reflect all course-related fees, additional charges, etc. For further questions or concerns about the bill, please contact Student Financial Services at 719-255-3391 or at bursar@uccs.edu.
