Direct deposit is a quicker and more convenient way for UCCS students to receive their financial aid refunds. It is set up easily within the myUCCS Portal. Here's how to do it:

1. **LOG INTO** your myUCCS Portal.

2. **CLICK** the “Student Financials (Bursar)” at the top, then click the “Authorize Direct Deposit” option from the dropdown menu.

3. **FOLLOW** the prompts to set direct deposit. Please note that you will need your bank account number and routing number in order to complete the process.

You have now set up direct deposit and will receive financial aid refunds directly to your bank account. If you have further questions concerning direct deposit or issues setting it up, please contact the Student Financial Services (Bursar’s) office at 719-255-3391 or at bursar@uccs.edu.
