Reason for Policy: To establish campus eligibility for students to compete in intercollegiate athletics.

I. INTRODUCTION

The purpose of this policy:

A. To provide a nurturing environment where students can succeed academically.
B. To maintain the academic integrity of the athletic program.
C. To provide a framework that allows student athletes to take responsibility for maintaining their eligibility.
D. To allow a mechanism for exceptions when circumstances warrant.

II. POLICY STATEMENT

A. Eligibility status change.

The timing of eligibility status changes shall be as follows:

1. When a student athlete completes work that changes his/her eligibility status from ineligible to eligible, the student athlete shall become eligible (per NCAA bylaw) as soon as his/her eligibility is officially certified by the appropriate institutional authority.
2. When a student athlete completes work that changes his/her eligibility status from eligible to NCAA ineligible, the student athlete shall become ineligible as soon as his/her ineligibility is officially certified by the appropriate institutional authority.

3. When a student athlete completes work that changes his/her eligibility status from eligible to campus ineligible, that student remains eligible until the date the AD denies the possibility of a waiver request, the date a waiver request is denied by the IAAC, or the first day of classes for the following semester, whichever comes first.

B. Eligibility Policy Waivers - Student athletes who meet NCAA eligibility requirements plus any additional requirements imposed by their coaching staff, but who have not maintained a 2.0 or higher GPA may request a waiver of the locally imposed 2.0 GPA provision.

C. Waiver Procedures

1. The IAAC will be the body to hear and either grant waivers or recommend waivers be granted.
2. The IAAC will normally hear requests only at the first meeting of the semester. Upon the request of the Athletic Director (AD), the IAAC may agree to hold a special waiver request hearing.
3. The IAAC may grant waivers for spring semester eligibility.
4. The IAAC may recommend waivers for fall semester eligibility to the Vice Chancellor for Academic Affairs.
5. The AD will decide, in conjunction with the coaches and students, which students should be allowed to request waivers.
6. The athletics staff shall be charged with monitoring, supporting, and guiding the appellant through the timely preparation and distribution of waiver requests. Each waiver request should:
   a. Identify the problem(s) seen as contributing to the drop in campus GPA.
   b. Identify possible solutions to remedy the situation for next semester.
   c. Include an unofficial transcript of prior work and a list of the courses planned for the current semester.
   d. Describe the time demands from participation in athletics and describe other time commitments (e.g., work).
   e. Explain how participation in athletics is likely to enhance improved academic performance.

D. General Eligibility Procedures

1. The AD and the athletic and academic advising staffs shall work with any academically ineligible student/athlete towards a goal of regaining eligibility in a timely manner and instilling academic skills to retain eligibility.
2. The AD is charged with overseeing a rigorous qualitative approach that insures timely academic progress of the student/athlete. This approach should:
   a. track the academic progress of student/athletes in a qualitative manner; and
   b. provide resources to benefit and promote the academic success of the student/athlete.

It is the responsibility of the IAAC Chair and the UCCS Athletic Director to ensure adherence to the provisions of this policy.
